 1 – Tariff is not applicable to a Clearing Member – Credit Institution that has its banking license revoked (annulled) by the Bank of Russia and is not applicable to a Clearing Member – Non-credit Institution in case if against a Clearing Member bankruptcy proceeding has been introduced, in a month when a license is revoked (annulled) / bankruptcy proceeding is introduced.

 2 – for each foreign currency and precious metal within each type of the individual clearing and the other collateral (Collateral, assets constituting an asset pool, Collateral for Stress, Default Fund) and for each market (in respect of Collateral) the tariff is applied since of the date set by the decision of the Clearing House.

 3 – The Clearing House calculates the effective rate of the fee for recording individual clearing collateral and other collateral (in annual interest rate) monthly, not later than the 25th of the calendar month, which follows the month when clearing services have been provided, and discloses it on the Clearing House's website.

Effective rate is calculated as the proportion of the total amount of percent paid by the Clearing House to credit institutions, including foreign credit institutions, where the Clearing House keeps clearing /

correspondent accounts to record clearing collateral / other collateral in the relevant foreign currency, and foreign credit institutions, where the Clearing House keeps impersonal metal accounts to record collateral in the relevant precious metal, and the total sum of individual clearing collateral and other collateral in the relevant foreign currency / relevant precious metal, which the Clearing House records each calendar day during the reporting month.

Fee for recording individual clearing collateral and other collateral that shall be paid is calculated in accordance with the formula:

Fee = ROUNDING(($\sum_{i=1}^{m} cl_bal_i \times S / (y \times 100)$) z;2), where

Fee - the total sum of charges for recording individual clearing collateral and other collateral,

cl_bali – incoming balance of individual clearing collateral and other collateral in the relevant foreign currency / relevant precious metal on a calendar day 'i' of a month (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day(s) that do not coincide with Settlement Days – incoming balance for the last Settlement Day (value of the field «CLOSING_BALANCE» in the Cash flow statement (CCX99)),

S – the effective rate of the fee for recording individual clearing collateral and other collateral (in annual interest rate) in the relevant foreign currency / relevant precious metal, disclosed on the Clearing House's website,

m – a number of calendar days in a reporting month,

y – a number of calendar days in a year, which includes a reporting month,

Z – foreign exchange rate, set out by the Bank of Russia on the last workday of the month, when the services are provided.

1 – Terms and procedure for the provision of bonuses under futures contracts on BRENT oil and (or) under settlement futures contracts on gold:

- 1. The bonus is provided to Clearing Members till 02.10.2019 19:00 Moscow time.
- 2. The bonus is provided to the Clearing Member under the condition that during the calendar month, in respect of which the bonus is calculated, the volume of trades, executed:
 - by Clearing Members Market Participants, and
 - by Non-Clearing Members Market Participants and which have the right to submit Orders with the indication of the securities sub-account of the position register, which has the code of the Sub-accounts Cluster, opened by the Clearing Member for such Market Participants,

constitutes the value, equal or exceeding 100 000 (hundred thousand) futures contracts on BRENT oil and (or) settlement futures contracts on gold.

3. Size of the bonus is calculating according to the following formula: $RP=Round((\Sigma fee \ x \ k);2),$ where: RP is the size of the bonus, calculated on a monthly basis in respect of the Clearing Member, Σ fee is the total value of the fee for the clearing of futures contracts on BRENT oil and (or) settlement futures contracts on gold, of the fee for the clearing of futures contracts on BRENT oil and (or) settlement futures contracts on gold, which are scalping trades, of the fee for the clearing of futures contracts on BRENT oil and (or) settlement futures contracts on gold, executed on the basis of Orders "Calendar spread", paid by the Clearing Member during the calendar month, for which the bonus is calculated,

K is the ratio of the bonus value, equal to the 0,25 (twenty five tenth).

- 4. The bonus is not provided to the Clearing Member on the basis of the results of calendar month and is credited to the Clearing Member not later than the fifteenth Settlement Day of the month, following the month, for which the bonus is calculated.
- ² Terms and procedure for the bonus provision:
 - 7. The bonus is provided to Clearing Members since 01.11.2018 19:00 Moscow time till 01.11.2019 19:00 Moscow time.
 - 8. The bonus is provided to the Clearing Member under the following conditions:

 $\frac{Comiss_Clearing}{0,425} \ge 550\ 000\ \text{py6},$ where

ClearingFee is the fee for the clearing of futures contracts, the fee for the clearing of futures style option contacts, fee for the clearing of scalping trades, the fee for the clearing of futures contracts, executed on the basis of Orders "Calendar spread", paid by the Clearing Member within the calendar month, for which the bonus is calculated, and lessened for the bonus for the futures contracts on BRENT oil and (or) for settlement futures contracts on gold, to be paid to such Clearing Member.

9. The bonus is calculated according to the formula:

 $\left(\frac{Comiss_Clearing}{0,425} - \frac{Comiss_Clearing}{0,425 \times 1,1}\right) \times 50\%$

10. The bonus is provided to the Clearing Member on the basis of the results of calendar month and is credited to the Clearing Member not later than the fifteenth Settlement Day on the month, following the month, for which the bonus is calculated.

 3 – Futures contracts, which are scalping trades, are considered to be Derivative Contracts, executed on the basis of off-order book orders, leading to the opening and closure of positions under futures contracts within one Trading Day.

 4 – Futures contracts, which are scalping trades, are considered to be Derivative Contracts, executed on the basis of off-order book orders, which may lead to the opening of counter positions under the underlying asset of an option contract (futures contract) in case of the option contract exercise (regardless of the price of the option contract exercise (strike)) during one Trading Day.

Buying call option contract (hereinafter referred to as the CALL) and selling put option contract (hereinafter referred to as the PUT) may lead to the opening of long position under the futures contract. Selling CALL option contract and buying PUT option contract may lead to the opening of short position.
