SECTION I GENERAL PROVISIONS

These Tariffs of the Central Counterparty National Clearing Centre for the provision of the clearing services (hereinafter referred to as the Tariffs of the Clearing House) set the amount of payment for the clearing services, provided by the Central Counterparty National Clearing Centre (hereinafter referred to as the Clearing House) to the Clearing Members and any other entities on the relevant on-exchange markets in accordance with the Clearing Rules of the Central Counterparty National Clearing Centre.

Terms used in the Tariffs of the Clearing House shall have the meaning ascribed to them in the Clearing Rules of the Central Counterparty National Clearing Centre (hereinafter referred to as the Clearing Rules), in the Trading Rules of the PJSC Moscow Exchange and in other internal documents of the PJSC Moscow Exchange.

Terms for the calculation of fees for the clearing services provision in accordance with the Tariffs of the Clearing House and terms for making payments for the clearing services, not defined in the Tariffs of the Clearing House, are defined in the Clearing Rules.

Clearing House notifies the Clearing Members on the effective date of the Tariffs of the Clearing House and also on amendments and additions to this document through disclosing relevant information on the Clearing House's website (www.nationalclearingcentre.com), including disclosure of the document text, not later than in 5 (five) workdays before the effective date unless otherwise stated by the decision of the Clearing House.

	obligations and Collateral,	exchange market, is charged from the Clearing
		Member - Recipient, to which obligations and
		Collateral have been transferred
2.1.	except for the procedure for Transfer of	3000 rubles
	obligations and Collateral executed when the	
	Basic Clearing Member provides the	
	Application for obligations and Collateral	
	transfer	
2.2.	executed when the Basic Clearing Member	400 000 rubles
	provides the Application for obligations and	per each Settlement Account
	Collateral transfer	
3.	Fee for recording individual clearing and	In Russian rubles, per month when services are
2.1	other collateral ¹	provided
3.1.	Fee for recording individual clearing and	Is charged from the Clearing Member, on Collateral
	other collateral (for all categories of the	Accounts, Default Funds Accounts, Collateral for
	Clearing Members except for the category	Stress Accounts where it's cash funds in foreign
	"A") in foreign currency ⁴	currency are recorded
3.1.1.	in euro ⁸	European Central Bank (ECB) interest rate on the last
		day of the month when the service is provided (in %
		per annum) + $(-0,6\%)$ per annum
3.1.2.	in Swiss francs	Swiss National Bank (SNB) interest rate on the last
		day of the month when the service is provided (in %
		per annum) + $(-0,5\%)$ per annum
3.2.	Fee for recording individual clearing and	Additionally to the fee, stated in paragraph 3.1 of this
	other collateral (for all categories of the	section, is charged in Russian rubles from the
	Clearing Members except for the category	Clearing Member except for the Clearing Members of
	"A" and NSO JSC NSD) in foreign currency ⁴	category "A" and NSJ JSC NSD, on Collateral
		Accounts, Default Funds Accounts, Collateral for
		Stress Accounts where it's cash funds in foreign
		currency are recorded
3.2.1.	in euro	For each day when the sum of cl_bal _{ij} in euros under
		all Settlement Accounts of the Clearing Member
		exceeds the threshold value specified in Table 1.
		Relevant value of the fee rate (in percentage per
		annum), taking into account the threshold values of
		cl_bal _{ij} in euros under all Settlement Accounts of the
		Clearing Member is indicated in Table 1.
		Fee rate is applied alternately to the part of cl_bal _{ij} in
		euros under all Settlement accounts of the Clearing

		Member until it reaches the value which is in the
		range of the lower and upper bounds of the threshold
		value
	Γ	Table 1

over 1 billion	12%	where
		Fee – fee for recording individual clearing and other collateral stipulated by paragraph 3.2 o section II of the Tariffs of the Clearing House in foreign currency for the Clearing Member,
		P_{ij} – part of cl_bal _{SAij} as of the end of the day "i' of the settlement month in euros under al Settlement Accounts of the Clearing Member which is in the threshold value range,
		cl_bal _{SAij} – sum of incoming balances of individua clearing and other collateral in the relevant foreign
		currency / relevant precious metal under th Collateral Account / Default Funds Account Collateral for Stress Account in the relevant foreign currency / trading bank account in th relevant precious metal on calendar day "i" of th month under Settlement account "j" of th Clearing Member (the value of the field "OPENING_BALANCE" in the Cash flow statement (CCX99)), for day (days) which is no Settlement Day – outgoing balance on the las Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),
		z_{ij} – exchange rate of the foreign currency "j" to the Russian ruble, established by the Bank o Russia on day i,
		S – fee rate for recording individual clearing an other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal: rate is established by the Tariffs of the Clearing House
		y – number of calendar days in year, which includes reporting month
in US dollars		For each day when the sum of cl_bal _{ij} in US dollar under all Settlement Accounts of the Clearing

		Member exceeds the threshold value specified in Table 2.
		Relevant value of the fee rate (in percentage per annum), taking into account the threshold values of cl_bal _{ij} in US dollars under all Settlement Accounts of the Clearing Member is indicated in Table 2.
		Fee rate is applied alternately to the part of cl_bal _{ij} in US dollars under all Settlement accounts of the Clearing Member until it reaches the value which is in the range of the lower and upper bounds of the threshold value
Part of cl_bal _{ij} as of the end of the day "i" of the settlement month in US dollars under all Settlement Accounts of the Clearing Member, which is in the threshold value range (P _{ij})	Value of fee rate (in percentage per annum)	Table 2Fee for recording individual clearing and other collateral in foreign currency stipulated by paragraph 3.2 of section II of the Tariffs of the Clearing House, subject to pay by the Clearing Member is calculated under all Settlement Accounts of the Clearing Member according to the formula:
0-0,1 billon (inclusive) Over 0,1 billion – 9 billion (inclusive) Over 9 billion	0% 3% but not more than 30 mln rubles/month 12%	Fee = Σ ROUND((($\Sigma(P_{ij}) \times z_{ij} \times S$) / (y × 100));2), where Fee – fee for recording individual clearing and other collateral stipulated by paragraph 3.2 of section II of the Tariffs of the Clearing House in
	1270	foreign currency for the Clearing Member, P_{ij} – part of cl_bal _{SAij} as of the end of the day "i" of the settlement month in US dollars under all Settlement Accounts of the Clearing Member, which is in the threshold value range,
		cl_bal _{SAij} – sum of incoming balances of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on calendar day "i" of the month under Settlement account "j" of the Clearing Member (the value of the field "OPENING_BALANCE" in the Cash flow statement (CCX99)), for day (days) which is not Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow
		statement (CCX99)), z_{ij} – exchange rate of the foreign currency "j" to Russian rubles, established by the Bank of Russia on day i,

3.3.	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members except for the Clearing Members of the category "A") in foreign currency ^{.5}	 S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal: rate is established by the Tariffs of the Clearing House y – number of the calendar days in year, which includes reporting month Additionally to the fee, stated in paragraph 3.1 of this section, is charged in Russian rubles from the Clearing Member except for the Clearing Member of category "A", on Collateral Accounts, Default Funds Accounts, Collateral for Stress Accounts where it's cash funds in foreign currency are recorded (unless otherwise actablished by the logiclation of the
		otherwise established by the legislation of the Russian Federation)
3.3.1.	in yen	For each day when the sum of cl_bal _{ij} in yen under all Settlement Accounts of the Clearing Member exceeds the threshold value of 150 million yen
		Value of the fee rate (in percentage per annum), taking into account the threshold values of cl_bal _{ij} in yen under all Settlement Accounts of the Clearing Member is 5% (per annum).
		Value of the fee rate is applied to the part of cl_bal _{ij} in yen under all Settlement accounts of the Clearing Member if exceeds the threshold value of 150 million yen
3.3.2.	in pounds sterling	For each day when the sum of cl_bal _{ij} in pounds sterling under all Settlement Accounts of the Clearing Member exceeds the threshold value of 1 million pounds sterling
		Value of the fee rate (in percentage per annum), taking into account the threshold values of cl_bal _{ij} in pounds sterling under all Settlement Accounts of the Clearing Member is 5% (per annum).
		Value of the fee rate is applied to the part of cl_bal _{ij} in pounds sterling under all Settlement accounts of the Clearing Member if exceeds the threshold value of 1 million pounds sterling
3.4	Fee for recording individual clearing and other collateral (for separate categories of the Clearing Members) in foreign currency ^{:6}	Additionally to the fee stated in paragraph 3.1 of this section, is charged from the Clearing Member which is Non-credit Institution, International Organization or Non-resident Non-credit Institution which have not valid special permission to perform operations on financial markets, issued by the authorized body of the state of incorporation of the Clearing Member, on Collateral Accounts, Default Funds Accounts, Collateral for Stress Accounts where it's cash funds in foreign currency are recorded except for Collateral

	1	
		Accounts intended for recording collateral in foreign currency which is not individual clearing collateral (personal accounts opened in the Clearing House to the balance account № 47405 «Settlement with clients under buy and sell of foreign currency»)
	in US dollars, euro and Swiss francs	For each day when the sum of cl_bal _{ij} in US dollars, euro and Swiss francs converted into Russian rubles, in total exceeds 3,5 billion rubles ⁷
		Fee is charged regarding the converted into Russian rubles sum of cl_bal _{ij} in US dollars, euros and Swiss francs, in total exceeds 3,5 billion rubles ⁷ , the fee rate is calculated according to the formula:
		S = SF x KS, where
		SF – standard of contributions to the mandatory reserve fund in foreign currency, established by the Bank of Russia, effective on the day for which the fee is calculated.
		KS - key rate of the Bank of Russia, effective on the day for which the fee is calculated.
3.5.	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members) in precious metal ^{2,4}	Is charged from the Clearing Member, under which trading bank account in the relevant precious metal precious metals are recorded
		In accordance with the rates defined by the foreign credit institution where the Clearing House has opened an impersonal metal account for recording collateral in the relevant precious metal, and the tariffs set out by the organization which performs storage of bullion in the relevant precious metals on the basis of an agreement concluded with the Clearing House ³

- Tariff is not applicable to a Clearing Member – Credit Institution that has its banking license revoked (annulled) by the Bank of Russia or in respect of which interim administration has been appointed as a part of the bankruptcy procedure and moratorium on creditors' claims satisfaction has been put and is not applicable to a Clearing Member – Non-credit Institution in case if against the Clearing Member bankruptcy proceeding has been introduced or in respect of which interim administration has been appointed and in case of obligations settling procedure execution if termination of an admission of the Clearing Member to the clearing service (liquidation netting in respect of the Clearing Member), in the month when the license is revoked (annulled) / bankruptcy proceeding / appointment of the interim administration and for the month, preceding to the month of the license revocation (annulment) / liquidation netting procedure execution in respect of the clearing Member, if the defined tariff has not been calculated and has not been charged till the date of the license revocation (annulment) is introduced.

 2 – for the precious metal within each type of the individual clearing and other collateral (Collateral, assets constituting asset pool, Collateral for Stress, Default Fund) and for each on-exchange market (in respect of Collateral) the tariffis applied since the date determined by the decision of the Clearing House.

 3 – The Clearing House calculates the effective fee rate for recording individual clearing and other collateral (in percentage per annum) monthly, not later than the 25th of the calendar month, which follows the month when clearing services have been provided and discloses it on the Clearing House's website.

Effective rate is calculated as the ratio of the total amount of interest paid by the Clearing House to credit institutions (correspondent banks), including foreign credit institutions, where the Clearing House has opened impersonal metal accounts for recording collateral in the relevant precious metal, and total sum of fee paid for bullions storage by the Clearing House to organizations, which perform storage of bullions of relevant precious metals on the basis of agreements, concluded with the Clearing House, to the total sum of individual clearing and other collateral in the relevant precious metal, recorded by the Clearing House on each calendar day during the reporting month.

The effective rate is calculated with an accuracy of 10 (ten) decimal places by rounding the remaining digits.

The effective rate calculated by the Clearing Hose is disclosed on the Clearing House's website

 4 – Fee for recording individual clearing and other collateral which is stated in paragraph 3.1 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Members is calculated under Collateral Account / Default Funds Account / Collateral for Stress Account in relevant foreign currency / trading bank account in relevant precious metal in accordance with the formula:

Fee = ROUND ((
$$\sum_{i=1}^{1} cl_bal_i \times S / (y \times 100)$$
) z;2), where

Fee – fee for recording individual clearing and other collateral (for all categories of the Clearing Members) under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal, which is subject to pay by the Clearing Member,

 cl_bal_i – incoming balance of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on the calendar day "i" of month (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),

S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal, established by the Tariffs of the Clearing House / effective rate calculated by the Clearing House and disclosed on the Clearing House's website,

m – number of calendar days in the reporting month,

y – number of calendar days in year, which includes the reporting month,

z – foreign exchange rate to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided. z = 1, if the fee for bullion storage is paid by the Clearing House in Russian rubles.

 5 – fee for recording individual clearing and other collateral which is stated in paragraph 3.3 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Member is calculated under the Settlement accounts of the Clearing Member in accordance with formula:

$$Fee = \sum_{i} ROUND ((MAX ((\sum_{SA, j} (cl_bal_{PKij}) - th) \times z \times S) / (y \times 100));2), where$$

Fee – fee for recording individual clearing and other collateral which is stated in paragraph 3.3 of section II of the Tariffs of the Clearing House in the foreign currency under the Clearing Member,

 $cl_{bal_{PKij}}$ – sum of incoming balances of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on the calendar day "i" of month under the Settlement Account "j" of the Clearing Member (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),

th - threshold value, is equal to:

- 150 million yen in relation to the individial clearing and other collateral in yen;
- 1 million pounds sterling in relation to the individial clearing and other collateral in pounds sterling,

z – foreign exchange rate to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided

S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal: rate is established by the Tariffs of the Clearing House,

y – number of calendar days in year, which includes the reporting month,

 6 – Fee for recording individual clearing and other collateral which is stated in paragraph 3.4 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Member, is calculated under the Settlement Account of the Clearing Member according to the formula:

 $Fee = \sum_{i} ROUND ((MAX ((\sum_{SA, j} ROUND (cl_bal_{SAij} \times z_{ij}; 2)) - th; 0) \times S) / (y \times 100)); 2), where$

Fee – fee for recording individual clearing and other collateral which is stated in paragraph 3.4 of section II of the Tariffs of the Clearing House in the foreign currency under the Clearing Member,

cl_bal_{SAij} – incoming balance of individual clearing and other collateral in the foreign currency "j" under the Collateral Account / Default Funds Account / Collateral for Stress Account excluding Collateral Accounts intended for recording collateral in the foreign currency which is not individual clearing collateral (personal accounts opened by the Clearing House to the balance account $N_{9}47405$ "Settlement with clients under buy and sell of foreign currency" on calendar day "i" of month under the relevant Settlement Account (SA) (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not the Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),

th – threshold value, is equal to 3,5 billion rubles,

 z_{ij} – exchange rate of foreign currency "j" to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided

S – fee rate for recording individual clearing and other collateral (for separate categories of the Clearing members) (in percentage per annum) in the foreign currency, the procedure for determining which is established by the Tariffs of the Clearing House,

y – number of calendar days in year, which includes the reporting month.

 7 – sum of cl_bal_{SAj} in US dollars, euro or Swiss francs under all Default Funds Accounts / Collateral for Stress Accounts / Collateral Accounts of the clearing Member excluding Collateral Accounts intended for recording collateral in foreign currency which is not individual clearing collateral (personal account opened

by the Clearing House to the balance account №47405 "Settlement with clients under buy and sell of foreign currency"), converted into Russian rubles at the exchange rate of the Bank of Russia established on the day for which the fee is calculated.

 7 – In case of deduction of the additional fee from the Clearing House on separate days of the reporting month by the correspondent banks in which the Clearing House has opened the clearing / correspondent accounts for recording individual clearing and other collateral in euros, the fee for recording individual clearing and other collateral in euros is charged additionally from the Clearing Member on separate days of the reporting month, which is calculated under Collateral Accounts according to the formula:

Fee_a = ROUND (cl_dop_bali \times R /100 \times z;2), where

Fee_e – fee for recording individual clearing and other collateral in euro under the Collateral Account, is

subject to pay by the Clearing Member additionally on separate days of the reporting month,

cl_dop_bali – outgoing balance of individual clearing and other collateral in euro on the relevant determined by the Clearing House calendar day of the month of the provision of services,

R – effective fee rate for recording individual clearing and other collateral (in percentage per day) in euro disclosed on Clearing House's website,

It is calculated as the ratio of additional amount paid by the Clearing House to the credit institutions (correspondent banks), including foreign credit institutions, where the Clearing House has opened the clearing / correspondent accounts for recording individual clearing and other collateral in euro to the total sum of individual clearing and other collateral in euro, recorded by the Clearing House on the relevant calendar day of the reporting month of the provision of services.

It is calculated with an accuracy of 10 (ten) decimal places by rounding the remaining digits.

z – exchange rate of euro to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided

		120 rubles

Nº	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)
10.	Fee for the service for determining OTC trades, information of which is subject to submission to the Stock exchange, as well as for providing reports on OTC trades executed in the Trading Mode «Bilateral trades with the CCP» (Fee for the service of the Clearing House for providing reports on OTC trades)	in Russian rubles, is charged per reporting quarter from the Clearing Member who executed at least one trade in the Trading Mode «Bilateral trades with the CCP» during the reporting quarter. No Fee is charged from the Clearing Member which admission to the clearing service was terminated before the end of the reporting quarter. 250 rubles VAT is charged additionally in accordance with the procedure required by the legislation of the Russian Federation.
	The Clearing Member obtains the obl	bligation to pay the Fee as of the end of the next calendar quarter.

Unless otherwise required by the Clearing Rules, the Clearing House forwards to the Clearing Member an invoice for the Fee quarterly. An invoice for the Fee is issued not later than the 5th (fifth) workday of the first month of the quarter following to the reporting quarter, and payment should be made not later than the last day of the first month of the quarter following the reporting quarter. The Clearing Member is considered to fulfill the payment obligation since the moment of receipt of funds to the correspondent account of the Clearing House in full.

Unless otherwise required by the Clearing Rules, the Clearing House forwards to the Clearing Member the Act of the provided services (hereinafter referred to as the Act) under the invoice of the payment of the Fee quarterly, not later than the 5th (fifth) workday of the first month of the quarter following to the reporting quarter. The Clearing Member is obliged to sign the received Act and return it to the Clearing House before the end of the first month of the quarter following to the reporting quarter. Failure to submit signed by the Clearing Member Act within the defined time frames, under the condition there is no written objections received from the Clearing Member under the Act, is considered as the consent of the Clearing Member to the fact of providing services indicated in the Act in the relevant reporting quarter. The Act which is made in the form of the electronic document and signed by the qualified electronic signatures of the authorized representatives of the Parties.

¹ - <u>Terms and procedure for the bonus granting:</u>

- the bonus is granted to the Clearing Members for intra-broker² on-exchange REPO trades, excluding Trades T+;
- 2. the bonus is not granted to the Clearing Member Market Maker under the trade in securities, executed on the basis of the order submitted by such Clearing Member to fulfill the obligations of the Market Maker;
- 3. the size of the bonus under the trade constitutes 50% of the variable part of the fee under the trade, paid by the Clearing Member, meanwhile the size of the bonus shall not exceed the difference between the sum of the variable part of the fee under REPO trade and the minimum size of the variable part of the fee;
- 4. the bonus under intra-broker² on-exchange REPO trades, excluding Trades T+, is granted to the Clearing Member in case if the size of the bonus by the end of the calendar month is equal to or exceeds 15 000 (fifteen thousand) rubles (meanwhile the size of the bonus calculated for the previous calendar months is not taken into consideration);
- 5. the bonus is provided based on the results of the calendar month and is transferred to the Clearing Member not later than the third Settlement Day of the month that follows the month of the provision of the clearing services.

 2 – for the purposes of these Tariffs, intra-broker trade is the trade executed without the central counterparty in which both parties to the trade are one Clearing Member is, or the trade executed with the central counterparty on the basis of two counter orders, submitted by one Clearing Member.

 3 – MP – the maturity period, which is equal to the number of calendar days from the date of execution of the trade, excluding this date, to the date of redemption of the bond, including this date.

 4 – MP₁ – first 7 (seven) days of the MP (from 1 (one) to 7 (seven) days (inclusively)).

If total number of days of the MP is less than 7 (seven) days (as the result, the value of the number of remaining days (MP – MP₁) takes the value of 0 (zero)) when calculating the tariff for the number of remaining days of MP the value of the summand (MP – MP₁) takes the value of 0.

 5 – the REPO sum and the REPO duration period are the parameters determined when the relevant REPO trade is executed. For intraday REPO trades for the purpose of calculation of the fee, the REPO duration period is considered to be equal to 1 (one) day.

⁶ – the minimum size of the variable part of the fee constitutes:

- 1,40 rubles for on-exchange REPO trades, which are not Trades T+;
- 1,40 rubles for on-exchange REPO trades, which are Trades T+ and executed in the Trading Modes different from the «REPO with the CCP Order book orders»;
- 0,01 ruble for on-exchange REPO trades, which are Trades T+ and executed in the Trading Mode «REPO with the CCP - Order book orders».

 7 – in relation to REPO trades with the settlements in Russian rubles which are Trades T+ with REPO duration period more than 30 (thirty) calendar days, for the purposes of the calculation of the variable part of the fee the REPO duration period is considered to be equal to 30 (thirty) calendar days:

- for all REPO trades excluding REPO trades with the floating rate till 31.08.2023 (inclusively);
- for all REPO trades with the floating rate till 30.06.2023 (inclusively).

⁸ - The Tariff does not apply to Trades executed by the Clearing House on behalf of the Clearing Member in case if the Clearing Member does not have sufficient amount of cash funds / securities required for the fulfillment of obligations of such Clearing member or in case of insufficiency of the cash funds/ securities of the Clearing House to fulfill the Claims of such Clearing Member or the Claims of other Clearing Members, and also executed by the Clearing House on behalf of the Clearing Member in order to satisfy the Margin Call of such Clearing Member and during the cross-default procedure in respect of such Clearing Member.

⁹ - for the purpose of the calculation of the fee the credit amount and the period of the credit agreement are assumed to be equal to the relevant parameters determined at the conclusion of the credit agreement in accordance with The Equity & Bond Market, Deposit Market and Credit Market Trading Rules of Public Joint-Stock Company Moscow Exchange MICEX-RTS

¹⁰ – the variable part of the fee is not cancelled and is not recalculated in case of non-fulfillment by the Clearing Member of the first and/or the second part of REPO trade (also in case of the termination of the obligations under REPO trade on the basis of the registration of Instructions to refuse to settle REPOs in the Clearing System).

 11 – If the fee tariff chosen by the Clearing Member is not indicated in sub-paragraphs 7.1.1. - 7.1.3. of this Section of the Tariffs of the Clearing House (is not valid fee tariff), the fee tariff DEPO_0 is established for such Clearing Member.

9.1	Fee for the provision of the clearing services regarding opening of the Trade Account of the 3 rd level	Is charged from the Trading Member / Clearing Member, on the basis of the request of which the Trade Account of the 3 rd level is opened
		120 rubles
9.2.	Fee for the provision of the clearing services regarding keeping of the Trade Account of the 3 rd level	Is charged from the Trading Member / Clearing Member, to which the clearing services regarding keeping clearing registers of the 3 rd level are provided
		120 rubles

 1 – The Tariff does not apply to Trades executed by the Clearing House on behalf of the Clearing Member in case if the Clearing Member does not have sufficient amount of cash funds / precious metals required for the fulfillment of obligations of such Clearing member or in case of insufficiency of the cash funds/ precious metals of the Clearing House to fulfill the Claims of such Clearing Member or the Clearing Member of other Clearing Members, and also executed by the Clearing House on behalf of the Clearing Member in order to satisfy the Margin Call of such Clearing Member and during the cross-default procedure in respect of such Clearing Member.

 2 – The settlement period of the swap trade and swap contract means the number of calendar days from the Settlement Date of the first part of swap trade and swap contract, excluding this day, to the Settlement Date, of the second part of swap trade and swap contract, including this day, both dates are defined in the order.

 3 – The settlement period of the futures contract means the number of calendar days from the first Settlement Day following the day of the execution of the trade, excluding this day, to the Settlement Date, including this day defined when submitting the order to execute trade.

 4 – for the purposes of these Tariffs, maker's trade is understood to be the trade executed on the basis of the order of the Clearing Member, the registration time of which is earlier than the registration time of the valid opposite order.

 4 – for the purposes of these Tariffs, taker's trade is understood to be the trade executed on the basis of the order of the Clearing Member, the registration time of which is earlier than the registration time of the valid opposite order.

SECTION V TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE DERIVATIVES MARKET

N⁰	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)
1.	Fee for forming reports after clearing upon clearing registers section in respect of the main section of the Sub-accounts Cluster on the basis of the Application for Sub-accounts Cluster opening / Application for the Segregated Sub-accounts Cluster opening and also in respect of the clearing registers on the basis of the Application for forming reports in respect of clearing registers, per one section in a month	Is charged form the Clearing Member 120 rubles
2.	Fee for the provision of clearing services when executing procedure for obligations and Collateral transfer (Portability procedure)	For each procedure, is charged from the Clearing Member – Recipient to which obligations and Collateral have been transferred
2.1.	except for procedure of obligations and Collateral transfer, executed when the Basic Clearing Member provides the instruction to transfer obligations and Collateral	3 000 rubles
2.2.	executed when the Basic Clearing Member provides the instruction to transfer obligations and Collateral	400 000 per each Settlement Account
3.	Fee for the provision of clearing services when executing the Instruction to transfer positions	Is charged from the Clearing Member, the recording of obligations of which is changed The amount is equal to sum of 1 exchange charge, set out by the Moscow Exchange (hereinafter referred to as the Exchange), and of 1 fee for clearing, set out by the Clearing House for the Derivative contract, under which the recording of obligations is changed
4.	Fee for clearing under futures contracts executed on the basis of addressed and/or unaddressed orders, except for trades, executed on the basis of Orders "Calendar spreads" and maker's trades ¹ executed on the basis of unaddressed orders	Is charged from the Clearing Member, which is party to the futures contract executed on the basis of addressed orders / Clearing Member which is taker under the futures contract executed on the basis of unaddressed orders ² Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades ¹ , executed on the basis of unaddressed orders)
	FutFee = Round $\left(Round \left(FutPrice \times Round \left(\frac{W}{R} \right) \right) \right)$ whereFutfee – fee for clearing under futures contracts (in Russi)	, , , ,

FutPrice – value of the Settlement Price of the futures contract, determined in accordance with the Trading Rules on the Derivatives Market on the basis of the results of the evening Settlement period of the last Trading Day, preceding to the Trading Day, during which the futures contact is executed, in relation to which the calculation is executed (in units, in which the price of the future contract is determined in the order, according to the Specification of the relevant futures contract). In relation to the futures contracts, executed on the first Trading Day, on which execution of such futures contracts is possible (hereinafter referred to as the First Trading Day), the value of the FutPrice is considered to be equal to the value of the initial Settlement Price of the futures contract, determined by the decision of the Exchange in accordance with the Specification of the relevant futures contract, W(f) – cost of the minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract (in Russian rubles), R(f) – minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract, Round – mathematical rounding function with the specified degree of accuracy, BaseFutFee – value of the basic rate of the tariff for clearing under the futures contract for the group of Derivative Contracts, to which the particular futures contract corresponds (hereinafter referred to as the Contracts Group). № **Contracts Group** Basic rate of the tariff (Base FutFee), in per cent Trade is executed on basis of Trade is executed on basis of addressed orders, unaddressed orders, Is charged from each party of Is charged under taker's trade² the trade 0,000655 0,001965 Currency contracts 1 0,002338 0,007014 2 Interest rate contracts 0,002805 0,008415 3 Securities contracts 4 Index contracts 0,000935 0,002805 5 Commodities contracts 0,001870 0.00561 List of particular underlying assets within each Group is set out by the decision of the Exchange and is published on the website of the Exchange not later than the day, following the day of its approval (approval of changes and additions to it). 5. Fee for clearing under futures-style option contracts Is charged from each Clearing Member, executed on the basis of addressed and/or which is party to the futures-style option unaddressed orders, except for option contracts contract, executed on the basis of addressed underlying asset of which are securities and also orders / the Clearing Member, which is except for trades, executed on the basis of Orders taker under futures-style option contract, "Calendar spread"³, and maker's trades¹, executed executed on the basis of unaddressed on the basis of unaddressed orders orders². Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades¹, executed on the basis of unaddressed orders) W(o)OptFee = Round (min (FutFee * K); Round (Premium × Round) ;2 :5 where OptFee – fee for clearing under the futures-style option contracts (in Russian rubles), FutFee - fee for clearing under futures contract, which is the underlying asset of the futures-style option contract, calculated in accordance with the paragraph 4 of this Section, W(o) – cost of the minimum price increment of the futures-styles option contract, calculated in accordance with the Specification of the relevant futures-style option contract,

R(o) – minimum price increment of the futures-style option contract, calculated in accordance with the Specification of the relevant futures-style option contract, Round – the mathematical rounding function with the specified degree of accuracy, K – additional ratio, which is equal to 2. Premium – value of the option theoretical price, which is determined on the basis of the evening Settlement period of the last Trading Day, preceding to the calculation Trading Day, in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange (in units, in which the price of the futures-style option contract (premium) is determined in the order according to the Specification of the relevant option contract). In relation to the option contracts, executed on the First Trading Day, the value of Premium is considered to be equal to the value of the option theoretical price, calculated (established) at the start of the First Trading Day in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange, BaseOptFee – value of the basic rate of the tariff for the option execution, which is equal to 0.04675. Fee for clearing under option contracts, underlying Is charged from the Clearing Member, 6. asset of which are securities⁴, executed on the basis which is party to the option contract, of addressed and/or unadressed orders, except for underlying asset of which are securities, executed on the basis of addressed orders / maker's trades¹, executed on the basis of unaddressed orders the Clearing Member which is taker under the option contract, underlying asset of which are securities, executed on the basis of unaddressed orders². Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades¹, executed on the basis of unaddressed orders) $OptEqFee = Round\left(min\left[(K * LotVolume * PriceStockRub); Round\left(Premium * Round\left(\frac{W(o)}{R(o)}; 5\right); 2\right) * BaseOptFee\right]; 2\right)$ where OptEqFee – fee for clearing under option contracts, underlying asset of which are securities (in Russian rubles), PriceStockRub - settlement price of the underlying asset, determined after the clearing session in accordance with Risk Parameters for the Derivatives Market Calculation Methodology set by Exchange, for securities denominated in foreign exchange the indicative rate determined before the evening clearing session is used, LotVolume – lot, determined in accordance with the Specification of the relevant option contract, W(o) – cost of the minimum increment of the option contract price, the underlying asset of which are securities, determined in accordance with the Specification of the relevant option contract (in Russian rubles). R(o) – minimum price increment of the option contract, the underlying asset of which are securities, determined in accordance with the Specification of the relevant option contract (in Russian rubles), K – additional ratio, which is equal to: 0.01% – for trades executed on the basis of addressed orders 0,03% – for taker's trades², executed on the basis of unaddressed orders

Premium – value of the option theoretical price, which is determined on the basis of the evening Settlement period of the last Trading Day, preceding to the calculation Trading Day, in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange (in units, in which the price of the futures-style option contract (premium) is determined in the order according to the Specification of the relevant option contract). In relation to the option contracts, executed on the First Trading Day, on which it is possible to execute such option contracts (hereinafter referred to as the First Trading Day), the value of Premium is considered to be equal to the value of the option theoretical price, calculated (established) at the start of the First Trading Day in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange,

BaseOptFee – value of the basic rate of the tariff for the option execution.

12. 12.1.	for shares	
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles
	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles Is charged from the Trading Member / Clearing Member, which is not Trading Member, and to which clearing services regarding keeping clearing registers sections are provided 120 rubles
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles Is charged from the Trading Member / Clearing Member, which is not Trading Member, and to which clearing services regarding keeping clearing registers sections are provided 120 rubles Is charged from the Clearing Rember.
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles Is charged from the Trading Member / Clearing Member, which is not Trading Member, and to which clearing services regarding keeping clearing registers sections are provided 120 rubles
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles Is charged from the Trading Member / Clearing Member, which is not Trading Member, and to which clearing services regarding keeping clearing registers sections are provided 120 rubles Is charged from the Clearing Member. Is charged from the Clearing Member.
12.1.	for shares Fee for clearing services regarding opening / keeping clearing registers of the 3 rd level Fee for clearing services regarding opening clearing registers of the 3 rd level Fee for clearing services regarding keeping clearing registers of the 3 rd level Fee for clearing services regarding clearing registers of the 3 rd level Fee for clearing services regarding clearing registers of the 3 rd level Fee for clearing services regarding correction of the idle collateral under section	0,004 Is charged from the Trading Member, on the basis of application of which the clearing registers section is opened 120 rubles Is charged from the Trading Member / Clearing Member, which is not Trading Member, and to which clearing services regarding keeping clearing registers sections are provided 120 rubles Is charged from the Clearing Member. Is charged from the Clearing Member.

 \sum Broker_fee – sum of correction of the idle collateral under section calculated on the basis of the results of reporting period (month)³ for all trading sessions and for all position register sections of the Clearing Member,

 $Broker_fee = \sum i (Ni \times max(lower_fee, min(upper_fee, round(mult \times ex_feei \div Nii, 2) + add))),$

where

Broker_fee - sum of correction of the idle collateral under section for the Trading session,

 $\sum i$ – amount resulting from all Derivative trades for the Trading session,

Ni – number of the Derivative contracts in the Derivative trade "i",

lower_fee – minimum sum of correction of the idle collateral under section, per one Derivative contract; it can take the value from 0 to 100; is set out by the Clearing Member using the Clearing System,

upper_fee – maximum sum of correction of the idle collateral under section, per one Derivative contract; it can take the value from 0 to 10 000; is set out by the Clearing Member using the Clearing System,

mult – ratio which can take the value from 0 to 100; is set by the Clearing Member using the Clearing System,

add – permanent bonus per one Derivative contract, it can take the value from 0 to 1 000; is set out by the Clearing Member using the Clearing System,

 ex_fee_I – sum of Exchange fee and fee for clearing under the Derivative contract under the Derivative trade "i", calculated taking into account fee for clearing under futures contracts and futures-style option contracts which are scalping trades,

Alfa - ratio, which is equal to 0,1,

Cap – constant value which is equal to 150 000 rubles.

 1 – for the purposes of these Tariffs, maker's trade is understood to be the trade executed on the basis of the order of the Clearing Member, the registration time of which is earlier than the registration time of the valid opposite order.

 2 – for the purposes of these Tariffs, taker's trade is understood to be the trade executed on the basis of the order of the Clearing Member, the registration time of which is earlier than the registration time of the valid opposite order.

³ – from 19:00 Moscow Time of the last Trading Day of the month, preceding to the month of providing services, till 19:00 Moscow Time of the last Trading Day of the month of providing services

⁴ – Terms and procedure for the provision of the bonus:

- 1. The bonus is provided to the Clearing Member which is the Trading Member which takes part in the marketing program on the last day of the calendar month of providing clearing services.
- 2. The bonus is provided under optional contracts underlying asset of which are securities executed by the Clearing Member on its own behalf at its own expense and/or at the expense of its clients on the basis of unaddressed orders, provided that the total volume of such option contracts executed at the end of the calendar month of providing clearing services is:

2.1. from 18.04.2022 to 30.04.2022 – not less than 38 (thirty-eight) million rubles; 2.2. from 01.05.2022 to 30.04.2023 – not less than 100 (one hundred) million rubles.

- 3. When execution of the option contracts, the underlying asset of which are securities, the size of the bonus is 50% of the fee paid by the Clearing Member for clearing under trades specified in paragraph 2 of this footnote, based on the results of the calendar month of providing services.
- 4. The bonus is provided in relation to the trades specified in paragraph 2 of this footnote executed from 18.04.2022 till 30.04.2023 (inclusively).
- 5. The bonus is provided on the basis of the results of calendar month and is transferred to the Clearing Member not later than the last Settlement Day of the month, following the month of providing clearing services.

TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE COMMODITIES MARKET

N⁰	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)					
1.	Fee for clearing under forward contracts	Is charged from the Clearing Member, which is par to the forward contract, in percent of the Commodi price under each forward contract, but not less tha 0,01 ruble					
	with the Settlement Date which precedes to the execution date on the period (in calendar days):	from 3 till 13 days	from 14 till 30 days	from 31 till 90 days	from 91 till 150 days	from 151 till 180 days	
1.1	forward contracts, excluding closing forward contracts and forward contracts specified in sub-paragraphs 1.3 - 1.4	0,125%	0,15%	0,2%	0,25%	0,3%	
1.2	closing forward contracts	0,225%	0,25%	0,3%	0,35%	0,4%	
1.3	pair forward contracts ¹	product of 0,0005% of Commodity price under each forward contract by the number of days from the date when forward contract is executed, excluding this date, to Settlement Date of the forward contract, including this date					
1.4	forward contracts, the underlying asset of which is sugar, except for forward contracts specified in paragraphs 1.2 and 1.3.	0,05%					
2.	Fee for clearing under swap contracts	Is charged from the Clearing Member which is party to the swap contract					
	with the Settlement Date under the second part of the swap contract with the settlement period	from 3 till 31 days from 32 till 91 days					
	Variable part of the fee under swap contracts	0,0007% × volume of the first part of the swap contract × settlement period of the swap contract			0,0025% × volume of the first part of the swap contract × settlement period of the swap contract		

¹ Pair forward contracts means two forward contracts which both simultaneously meet the following requirements:

- two forward contracts are multidirectional, one Clearing Member is party to both forward contracts, forward contracts are executed on the basis of addressed orders indicting the same Trade Account during 1 (one) trading day;
- Settlement Dates of such forward contracts do not match;
- the main features of Commodity, which is the underlying asset of one forward contract, corresponds to the main features of Commodity, which is the underlying asset of another forward contract;
- the size of the obligation to transfer Commodity under forward contracts is the same.

SECTION VI TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE STANDARDISED OTC DERIVATIVES MARKET

N⁰	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)	Notice					
1.	Clearing services related to early termination of the Standardised Derivative Contact, per one Standardised Derivative Contract	5 000 rubles	Is charged form the Clearing Member					
2.	Clearing services related to changing contract terms of the Standardised Derivative Contract (including option Standardised Derivative Contract), per one Standardised Derivative Contract	5 000 rubles	Is charged from the Clearing Member					
3.	Clearing services related to changing contract terms of the option Standardised Derivative Contract, per one option Standardised Derivative Contract	MAX (0; КомКЦ2 – КомКЦ1), where KомКЦ1 – fee of the Clearing House paid when execution of the Standardised Derivative Contract KoмKЦ2 – fee of the Clearing House, which is calculated in accordance with the paragraph 5 of the Tariffs on the basis of new contract terms of the Standardised Derivative Contract	Is charged from the Clearing Member					
4.	Clearing services related to changes in recording of the Standardised Derivative Contracts, per one Standardised Derivative Contracts	5 000 rubles	Is charged from the Clearing Member					
5.	Fee for clearing under Standardised Derivative Contracts, except for option Standardised Derivative Contracts, exclusive of VAT							
	Fee of the Clearing House is calculated according to the formula:							
	КомКЦ= k * Max (Сбор _{тіп} ; K * n * N / 1 000 000),							
	where							
	КомКЦ – fee of the Clearing House in Russian rubles;							

Сбор_{min} – value, defined in accordance with this section of the Tariffs in relation to each Standardised Derivative Contract; k, K – ratios, the value of which are set out in this section of the Tariffs in respect of the relevant type of the Standardized Derivative Contract: n – number of days from the date when the Standardized Derivative Contract is concluded to the last Settlement Date of obligations to pay funds under the Standardized Derivative Contract in accordance with this section of the Tariffs: N – Nominal Sum of the Standardized Derivative Contract, in rubles. Fee for clearing under option Standardized Derivative Contracts, the underlying assets of which are indexes, exclusive of VAT Fee of the Clearing House is calculated according to the formula: КомКЦ= Мах (Сбор_{тіп}; n * N *300 / 365 000 000), where КомКЦ – fee of the Clearing House in Russian rubles; Сбор_{min} - value, defined in accordance with the current section of the Tariffs in relation to each Standardized Derivative Contract; n – number of days from the date when the option Standardized Derivative Contract is concluded to the Expiration date of the option Standardized Derivative Contract; N – Nominal Sum of the Standardized Derivative Contract, in rubles. Fee for clearing under option Standardized Derivative Contracts, the underlying assets of which is foreign currency, exclusive of VAT Fee of the Clearing House is calculated according to the formula: КомКЦ= Мах (Сбор_{тіп}; N * (К_{лельта} + К_{вега}) / 1 000 000), where КомКЦ – fee of the Clearing House in Russian rubles; $C \delta o p_{min}$ – value, defined in accordance with this section of the Tariffs in relation to each Standardised Derivative Contract; N – Nominal Sum of the Standardised Derivative Contract, in rubles; $K_{n=nbra}$ is defined on the basis of the value of the feature of the monetary status of the option Standardised Derivative Contract according to the following table: Value of the feature of the monetary status of the option Standardised Derivative Contract Deep Out of Out of The Deep In The At The Money In The Money Money The money Money (Deep OTM) (OTM) (ITM) (Deep ITM) (ATM) Кдельта, 20 50 100 150 200 in rubles The value of the feature of the monetary status of the option Standardised Derivative Contract is defined on the basis of proportion of the forward rate of the Currency pair of the option Standardised Derivative Contract to the Settlement price of the option Standardised Derivative Contract and the period of the option Standardised Derivative Contract in accordance with the following tables: for option Standardiыed Derivative Contract with type "call" Value of the feature of the monetary status of the option Standardised **Derivative Contract**
