SECTION I GENERAL PROVISIONS

These Tariffs of the Central Counterparty National Clearing Centre for the provision of the clearing services (hereinafter referred to as the Tariffs of the Clearing House) set the amount of payment for the clearing services, provided by the Central Counterparty National Clearing Centre (hereinafter referred to as the Clearing House) to the Clearing Members and any other entities on the relevant on-exchange markets in accordance with the Clearing Rules of the Central Counterparty National Clearing Centre.

Terms used in the Tariffs of the Clearing House shall have the meaning ascribed to them in the Clearing Rules of the Central Counterparty National Clearing Centre (hereinafter referred to as the Clearing Rules), in the Trading Rules of the PJSC Moscow Exchange and in other internal documents of the PJSC Moscow Exchange.

Terms for the calculation of fees for the clearing services provision in accordance with the Tariffs of the Clearing House and terms for making payments for the clearing services, not defined in the Tariffs of the Clearing House, are defined in the Clearing Rules.

Clearing House notifies the Clearing Members on the effective date of the Tariffs of the Clearing House and also on amendments and additions to this document through disclosing relevant information on the Clearing House's website (www.nationalclearingcentre.com), including disclosure of the document text, not later than in 5 (five) workdays before the effective date unless otherwise stated by the decision of the Clearing House.

		P _{ij} — part of cl_bal _{SAij} as of the end of the day "i" of the settlement month in US dollars under all Settlement Accounts of the Clearing Member, which is in the threshold value range, cl_bal _{SAij} — sum of incoming balances of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on calendar day "i" of the month under Settlement account "j" of the Clearing Member (the value of the field "OPENING_BALANCE" in the Cash flow statement (CCX99)), for day (days) which is not Settlement Day — outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)), z _{ij} — exchange rate of the foreign currency "j" to Russian rubles, established by the Bank of Russia on day i,
		S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the

3.3.	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members except for the Clearing Members of the category "A") in foreign currency:5	relevant foreign currency / relevant precious metal: rate is established by the Tariffs of the Clearing House y – number of the calendar days in year, which includes reporting month Additionally to the fee, stated in paragraph 3.1 of this section, is charged in Russian rubles from the Clearing Member except for the Clearing Member of category "A", on Collateral Accounts, Default Funds Accounts, Collateral for Stress Accounts where it's cash funds in foreign currency are recorded (unless otherwise established by the legislation of the Russian Federation)
3.3.1.	in pounds sterling	For each day when the sum of cl_bal _{ij} in pounds sterling under all Settlement Accounts of the Clearing Member exceeds the threshold value of 1 million pounds sterling Value of the fee rate (in percentage per annum), taking into account the threshold values of cl_bal _{ij} in pounds sterling under all Settlement Accounts of the Clearing Member is 5% (per annum). Value of the fee rate is applied to the part of cl_bal _{ij} in pounds sterling under all Settlement accounts of the Clearing Member if exceeds the threshold value of 1 million pounds sterling
3.4	Fee for recording individual clearing and other collateral (for separate categories of the Clearing Members) in foreign currency:6	Additionally to the fee stated in paragraph 3.1 of this section, is charged from the Clearing Member which is Non-credit Institution, International Organization or Non-resident Non-credit Institution which have not valid special permission to perform operations on financial markets, issued by the authorized body of the state of incorporation of the Clearing Member, on Collateral Accounts, Default Funds Accounts, Collateral for Stress Accounts where it's cash funds in foreign currency are recorded except for Collateral Accounts intended for recording collateral in foreign currency which is not individual clearing collateral (personal accounts opened in the Clearing House to the balance account № 47405 «Settlement with clients under buy and sell of foreign currency»)
	in US dollars, euro ⁹	For each day when the sum of cl_bal _{ij} in US dollars, euro converted into Russian rubles, in total exceeds 3,5 billion rubles ⁷ Fee is charged regarding the converted into Russian rubles sum of cl_bal _{ij} in US dollars, euros, in total exceeds 3,5 billion rubles ⁷ , the fee rate is calculated according to the formula: S = SF x KS, where

		T
		SF – standard of contributions to the mandatory reserve fund in foreign currency, established by the Bank of Russia, effective on the day for which the fee is calculated. KS – key rate of the Bank of Russia, effective on the day for which the fee is calculated.
3.5.	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members except for Clearing Members of category «A» and «K») in foreign currency ⁹ :	Additionally to the fee stated in paragraph 3.1 of this section, it is charged in Russian rubles from the Clearing Member, with the exception of Clearing Members of categories "A", "K", on Collateral Accounts, Default Fund Accounts, Collateral for Stress Accounts of which funds in foreign currency are recorded
	in Turkish lira	Fee rate (as a percentage per annum) is 1.5
3.6.	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members) in precious metal ^{2,4}	Is charged from the Clearing Member, under which trading bank account in the relevant precious metal precious metals are recorded
3.7	Fee for recording individual clearing and other collateral (for all categories of the Clearing Members) in precious metal ^{2,5}	In accordance with the rates defined by the credit institutions credit (correspondent banks), including foreign credit institutions where the Clearing House has opened an impersonal metal account (correspondent account in precious metal) for recording collateral in the relevant precious metal, and the tariffs set out by the organization which performs storage of bullion in the relevant precious metals on the basis of an agreement concluded with the Clearing House ³ Additionally to the fee stated in paragraph 3.6 of this section, it is charged charged from the Clearing Member, under which trading bank account in the relevant precious metal precious metals are recorded
		Fee rate (as a percentage per annum) is Precious metal Percentage per annum gold, palladium, 0,3 platinum silver 1,3
3.8	Fee for execution of Requests for Collateral return/Standing Instructions to return collateral for all categories of the Clearing Members except for Clearing Members of category «A» and «K») ¹¹ ;	Is charged from each Clearing Member, calculated for each Clearing Member's Settlement Account separately, accounted for by such Settlement Account corresponding to the Collateral Account / trading bank account from which the specified individual clearing or other collateral is returned
		Fee is calculated in accordance with formula: $Fee = Round \left(\sum_{MT \text{ type}} (S \times N \times C) \right), \text{ where:}$

— Tariff is not applicable to a Clearing Member — Credit Institution that has its banking license revoked (annulled) by the Bank of Russia or in respect of which interim administration has been appointed as a part of the bankruptcy procedure and moratorium on creditors' claims satisfaction has been put and is not applicable to a Clearing Member — Non-credit Institution in case if against the Clearing Member bankruptcy proceeding has been introduced or in respect of which interim administration has been appointed and in case of obligations settling procedure execution if termination of an admission of the Clearing Member to the clearing service (liquidation netting in respect of the Clearing Member), in the month when the license is revoked (annulled) / bankruptcy proceeding / appointment of the interim administration and for the month, preceding to the month of the license revocation (annulment) / liquidation netting procedure execution in respect of the Clearing Member, if the defined tariff has not been calculated and has not been charged till the date of the license revocation (annulment) is introduced.

- ² for the precious metal within each type of the individual clearing and other collateral (Collateral, assets constituting asset pool, Collateral for Stress, Default Fund) and for each on-exchange market (in respect of Collateral) the tariffis applied since the date determined by the decision of the Clearing House.
- ³ The Clearing House calculates the effective fee rate for recording individual clearing and other collateral (in percentage per annum) monthly, not later than the 25th of the calendar month, which follows the month when clearing services have been provided and discloses it on the Clearing House's website.

Effective rate is calculated as the ratio of the total amount of interest paid by the Clearing House to credit institutions (correspondent banks), including foreign credit institutions, where the Clearing House has opened impersonal metal accounts for recording collateral in the relevant precious metal (correspondent accounts im precious metals), and total sum of fee paid for bullions storage by the Clearing House to organizations, which perform storage of bullions of relevant precious metals on the basis of agreements, concluded with the Clearing House, to the total sum of individual clearing and other collateral in the relevant precious metal, recorded by the Clearing House on each calendar day during the reporting month.

The effective rate is calculated with an accuracy of 10 (ten) decimal places by rounding the remaining digits.

⁴ – Fee for recording individual clearing and other collateral which is stated in paragraph 3.1, 3.6 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Members is calculated under Collateral Account / Default Funds Account / Collateral for Stress Account in relevant foreign currency / trading bank account in relevant precious metal in accordance with the formula:

Fee = ROUND ((
$$\sum_{i=1}^{m} cl_bal_i \times S / (y \times 100)$$
) z;2), where

Fee – fee for recording individual clearing and other collateral (for all categories of the Clearing Members) under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign

currency / trading bank account in the relevant precious metal, which is subject to pay by the Clearing Member,

cl_bali – incoming balance of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on the calendar day "i" of month (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),

S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal, established by the Tariffs of the Clearing House / effective rate calculated by the Clearing House and disclosed on the Clearing House's website. S=0, if the rate established by the Clearing Center Tariffs takes a value greater than 0%

m – number of calendar days in the reporting month,

y – number of calendar days in year, which includes the reporting month,

z – foreign exchange rate to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided. z = 1, if the fee for bullion storage is paid by the Clearing House in Russian rubles.

⁵ – fee for recording individual clearing and other collateral which is stated in paragraph 3.3, 3.7 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Member is calculated under the Settlement accounts of the Clearing Member / Trade bank account in the relevant precious metal in accordance with formula:

Fee = ROUND (
$$\sum$$
 ((MAX ((\sum (cl_bal_{PKij}) - th) × z × S) / (y × 100));2), where i SA, j

Fee – fee for recording individual clearing and other collateral which is stated in paragraph 3.3, 3.7 of section II of the Tariffs of the Clearing House under the Clearing Member,

 cl_bal_{PKij} — sum of incoming balances of individual clearing and other collateral in the relevant foreign currency / relevant precious metal under the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency / trading bank account in the relevant precious metal on the calendar day "i" of month under the Settlement Account "j" of the Clearing Member (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not Settlement Day — outgoing balance on the last Settlement Day (the value of the field "CLOSING_BALANCE" in the Cash flow statement (CCX99)),

th – threshold value, is equal to:

- 1 million pounds sterling in relation to the individual clearing and other collateral in pounds sterling;
- 0 rubles in relation to individual clearing and other collateral in precious metal,

z – foreign exchange rate to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided

S – fee rate for recording individual clearing and other collateral (in percentage per annum) in the relevant foreign currency / relevant precious metal: rate is established by the Tariffs of the Clearing House,

y – number of calendar days in year, which includes the reporting month,

⁶ – Fee for recording individual clearing and other collateral which is stated in paragraph 3.4 of section II of the Tariffs of the Clearing House and is subject to pay by the Clearing Member, is calculated under the Settlement Account of the Clearing Member according to the formula:

$$Fee = \sum_{i} ROUND \; ((MAX \; ((\sum_{SA, \, j} ROUND \; (cl_bal_{SAij} \times z_{ij}; 2)) - th; 0) \times S) \; / \; (y \times 100)); 2), \; where \; (y \times 100) \times S) \; / \; (y \times 100); 2)$$

Fee – fee for recording individual clearing and other collateral which is stated in paragraph 3.4 of section II of the Tariffs of the Clearing House in the foreign currency under the Clearing Member,

cl_bal_{SAij} – incoming balance of individual clearing and other collateral in the foreign currency "j" under the Collateral Account / Default Funds Account / Collateral for Stress Account excluding Collateral Accounts intended for recording collateral in the foreign currency which is not individual clearing collateral (personal accounts opened by the Clearing House to the balance account №47405 "Settlement with clients under buy and sell of foreign currency" on calendar day "i" of month under the relevant Settlement Account (SA) (value of the field «OPEN_BALANCE» in the Cash flow statement (CCX99)), for the day (days) which is not the Settlement Day – outgoing balance on the last Settlement Day (the value of the field "CLOSING BALANCE" in the Cash flow statement (CCX99)),

th – threshold value, is equal to 3,5 billion rubles,

 z_{ij} – exchange rate of foreign currency "j" to Russian ruble, set out by the Bank of Russia on the i-th calendar day of the month, when the services are provided

S – fee rate for recording individual clearing and other collateral (for separate categories of the Clearing members) (in percentage per annum) in the foreign currency, the procedure for determining which is established by the Tariffs of the Clearing House,

y – number of calendar days in year, which includes the reporting month.

 7 – sum of cl_bal_{SAj} in US dollars, euro under all Default Funds Accounts / Collateral for Stress Accounts / Collateral Accounts of the clearing Member excluding Collateral Accounts intended for recording collateral in foreign currency which is not individual clearing collateral (personal account opened by the Clearing House to the balance account N_247405 "Settlement with clients under buy and sell of foreign currency"), converted into Russian rubles at the exchange rate of the Bank of Russia established on the day for which the fee is calculated.

⁷ – In case of deduction of the additional fee from the Clearing House on separate days of the reporting month by the correspondent banks in which the Clearing House has opened the clearing / correspondent accounts for recording individual clearing and other collateral in euros, the fee for recording individual clearing and other collateral in euros is charged additionally from the Clearing Member on separate days of the reporting month, which is calculated under Collateral Accounts according to the formula:

Fee = ROUND (cl_dop_bali
$$\times$$
 R /100 \times z;2), where

Fee_e – fee for recording individual clearing and other collateral in euro under the Collateral Account, is subject to pay by the Clearing Member additionally on separate days of the reporting month,

cl_dop_bali – outgoing balance of individual clearing and other collateral in euro on the relevant determined by the Clearing House calendar day of the month of the provision of services,

R – effective fee rate for recording individual clearing and other collateral (in percentage per day) in euro disclosed on Clearing House's website,

It is calculated as the ratio of additional amount paid by the Clearing House to the credit institutions (correspondent banks), including foreign credit institutions, where the Clearing House has opened the clearing / correspondent accounts for recording individual clearing and other collateral in euro to the total

sum of individual clearing and other collateral in euro, recorded by the Clearing House on the relevant calendar day of the reporting month of the provision of services.

It is calculated with an accuracy of 10 (ten) decimal places by rounding the remaining digits.

z- exchange rate of euro to Russian ruble, set out by the Bank of Russia on the last workday of the month, when the services are provided

- ⁹ Until December 31, 2024 (inclusive), fee for accounting for individual clearing and other collateral in euros are not charged to Clearing Members liquidity providers of category B or B2.
- 10 fee for accounting for individual clearing and other collateral provided for in paragraph 3.5 of section II of the Tariffs of the Clearing House, payable by the Clearing Member, is calculated for the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency according to the formula:

$$\mathbf{Fee} = \max\left(\sum_{SA} \mathsf{OKPY} \mathsf{Г} \mathcal{I}\left(\frac{\sum_{i=1}^{m} cl_bali \times S \times z}{y \times 100}; \mathbf{2}\right) - \mathbf{\textit{Fee}}_d; \mathbf{0}\right), \text{ where }$$

Fee - fee for accounting for individual clearing and other collateral (for all categories of Clearing Members, with the exception of Clearing Members of categories "A", "K") for the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency, payable by the Clearing Member,

cl_bal_i – opening balance of individual clearing and other collateral in the relevant foreign currency for the Collateral Account / Default Funds Account / Collateral for Stress Account in the relevant foreign currency on the i-th calendar day of the month (the value of the "OPENING_BALANCE" field from the Cash Flow Statement (CCX99)), for the day (days) that is not a Settlement Day – the closing balance for the last Settlement Day (the value of the "CLOSING BALANCE" field from the Cash Flow Statement (CCX99)),

S – fee rate for accounting for individual clearing and other collateral (in percent per annum) in the relevant foreign currency: the rate established by the Tariffs of the Clearing House,

m – number of calendar days in the reporting month,

y – number of calendar days in the year that includes the reporting month,

SA – Settlement Account,

z – foreign currency exchange rate to the "Russian ruble" established by the Bank of Russia on the last workday of the month, when the services are provided,

Fee_d – total variable fee paid by the Member for Trades (exchange and clearing), in which one of the assets is the corresponding foreign currency, with clearing on the FX market.

¹¹ – list of foreign currencies for which fee are charged for the execution of Requests for return of Collateral / Orders for return of Collateral is determined by a separate decision of the Clearing House, disclosed on the Clearing House's website.

		than 0,01 ruble
6.2.	Fee for the clearing service	in Russian rubles, is charged from the Clearing
	regarding the transfer of the date	Member, calculated according to the formula:
	of collateral provision in the sum	
	required for the conclusion of the	ROUND (ROUND (VAL_OBL \times max(R-R0;0) \times n /
	deposit agreement	$365;2) \times C; 2)$, where
		VAL_OBL – amount equal to the difference between
		the deposit amount, indicated in the order to conclude
		the deposit agreement, included into the list of offers,
		to conclude which there is no sufficient amount of cash
		funds, and the sum of deposit agreements, concluded
		on the basis of such order;
		C - foreign currency exchange rate to the Russian ruble
		established by the Bank of Russia on the date of
		determining the fee;
		n – number of the calendar days between the date of
		calculation of the fee (including this date) and the next
		Settlement Day (excluding this date);
		R – rate which is equal to the REPO rate applicable for
		cases of settling obligations under Trades T+, for the
		fulfillment of which there is no sufficient amount of
		cash funds in the currency, in which the obligations are
		denominated, established by the Clearing House in
		accordance with the Methodology for Defining Risk
		Parameters for the Securities Market and Deposit
		Market on the date of the fee calculation rewards;
		R0 – interest rate indicated in the order to conclude the
		deposit agreement, included into the list of offers
		(under a deposit agreement with a floating rate, the
		amount of the indicative rate and deviation from the
		indicative rate).
6.3.	Fee for the clearing service	in Russian rubles, is charged from the Clearing
0.5.	regarding the transfer of the date	Member, calculated according to the formula:
	of the deposit replenishment to	ividinodi, calculated according to the formula.
	the next Settlement Day	ROUND (ROUND (VAL OBL \times max(R-R0;0) \times n /
	die neat settlement Day	$365;2) \times C; 2), \text{ where}$
		303,2j ^ C, 2j, where
		VAL ODI amount aqual to the difference between
		VAL_OBL – amount equal to the difference between
		the sum of cash funds, indicated in the Application for
		temporary return of the deposit amount, and the sum

6.4.	Fee for the clearing service	on which the deposit was replenished on the target date of the deposit replenishment; C – exchange rate of the foreign currency to Russian ruble, set by the Bank of Russia on the date of determining the fee n – number of the calendar days between the date of calculation of the fee (including this date) and the next Settlement Day (excluding this date); R – rate which is equal to the REPO rate applicable for cases of settling obligations under Trades T+, for the fulfillment of which there is no sufficient amount of cash funds in currency, in which the obligations are denominated, established by the Clearing House in accordance with the Methodology for Defining Risk Parameters for the Securities Market and Deposit Market on the date of the fee calculation rewards; R0 - interest rate in force for the deposit agreement on the additional Settlement Day (for a deposit agreement with a floating rate, the sum of the indicative rate and deviations from the indicative rate).
6.4.	regarding the temporary return of the deposit amount	in Russian rubles, is charged from the Clearing Member
6.4.1.	Value of the fee rate for the	Is calculated according to the formula: R× ΣD×n, but not less than 0,02 ruble, where R – fee rate for the temporary return of the deposit amount; ΣD – sum of cash funds by which the deposit amount is changed, indicated in the executed Application for return of the deposit amount; n – period of change of the deposit amount (in calendar days). Period of change of the deposit amount – number of calendar days between the target date of the deposit replenishment indicated in the Application for temporary return of the deposit amount (including this date) and the date of submission of the Application for temporary return of the deposit amount (excluding this date); if the target date of the deposit replenishment is not indicated in the Application for temporary return of the deposit amount, then the date for the fulfillment of obligation to return the deposit is considered as such date.
	temporary return of the deposit amount (R) Fee tariff DEPO_0	Total per day 0,0004452%
7.	Fee tariff DEPO_400 Fee for provision of the clearing	0,0002924%

7.1	Fee for clearing under credit agreements (excluding credit agreements with the floating rate)	_	ch Clearing Member which is party he credit agreement	
	Till 30.06.2024 (inclusively)	1,40 rubles	s per each credit agreement

	Till 30.06.2024 (inclusively)		s per each credit agreement	
	From 01.07.2024	period of the credit	309% of the credit amount by the agreement ⁹ (in calendar days), but less than 1,40 rubles	
8.	Fee for the clearing services rega 3 rd level	rding opening / keeping of the Trade Account of the		
8.1.	Fee for the clearing services regarding opening of the Trade Account of the 3 rd level	Is charged from the Trading Member / Clearing Member, on the basis of which request the Trade Account of the 3 rd level is opened. 120 rubles		
8.2.	Fee for the clearing services regarding keeping of the Trade Account of the 3 rd level	Is charged from the Trading Member / Clearing Member, to which the clearing services regarding keeping clearing registers of the 3 rd level are provided		
			120 rubles	
9.	Fee for providing an additional report on OTC trades on an instrument	is charged from the Clearing Member who submitted an Application for the provision of additional reports on OTC trades for an instrument, and is calculated depending on the number of instruments for which the Clearing Member has an Application for the provision of additional reports on OTC trades. When calculating the number of instruments, all instruments are taken into account for which there are parameters for generating additional reports on OTC trades executed in the "Opposite auction with the CCP" mode on any day of the reporting period.		
		Number of instruments in the report	Fee for 1 instrument, rubles	
		First 20 instruments	5 000 руб.	
		Next 30 instruments	3 750 руб.	
		Each subsequent instrument	2 500 руб.	

Nº	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)
10.	Clearing Center service fee for determining OTC trades, information of which is subject to submission to the Stock exchange, and for providing the Stock exchange with information about OTC trades executed in the Modes "Bilateral trades with the CCP", "Addressed trades with CCP" and "Continuous auction with the CCP" (Service fee for providing information to the Stock exchange)	in Russian rubles, is charged per reporting quarter from the Clearing Member who executed at least one trade in the Modes "Bilateral trades with the CCP", "Addressed trades with CCP" or "Continuous auction with the CCP" during the reporting quarter. No Fee is charged from the Clearing Member which admission to the clearing service was terminated before the end of the reporting quarter. 250 rubles VAT is charged additionally in accordance with the procedure required by the legislation of the Russian Federation.

¹ - Terms and procedure for the bonus granting:

- 1. the bonus is granted to the Clearing Members for intra-broker² on-exchange REPO trades, excluding Trades T+, REPO trades with open date
- 2. the bonus is not granted to the Clearing Member Market Maker under the trade in securities, executed on the basis of the order submitted by such Clearing Member to fulfill the obligations of the Market Maker;
- 3. the size of the bonus under the trade constitutes 50% of the variable part of the fee under the trade, paid by the Clearing Member, meanwhile the size of the bonus shall not exceed the difference between the sum of the variable part of the fee under REPO trade and the minimum size of the variable part of the fee;
- 4. the bonus under intra-broker² on-exchange REPO trades, excluding Trades T+, is granted to the Clearing Member in case if the size of the bonus by the end of the calendar month is equal to or exceeds 15 000 (fifteen thousand) rubles (meanwhile the size of the bonus calculated for the previous calendar months is not taken into consideration);
- 5. the bonus is provided based on the results of the calendar month and is transferred to the Clearing Member not later than the last Settlement Day of the month that follows the month of the provision of the clearing services.
- ² For the purposes of these Tariffs, intra-broker trade is the trade executed without the central counterparty in which both parties to the trade are one Clearing Member is, or the trade executed with the central counterparty on the basis of two counter orders, submitted by one Clearing Member.
- 3 MP the maturity period, which is equal to the number of calendar days from the date of execution of the trade, excluding this date, to the date of redemption of the bond, including this date.
- ⁴ MP₁ first 7 (seven) days of the MP (from 1 (one) to 7 (seven) days (inclusively)).

If total number of days of the MP is less than 7 (seven) days (as the result, the value of the number of remaining days $(MP - MP_1)$ takes the value of 0 (zero)) when calculating the tariff for the number of remaining days of MP the value of the summand $(MP - MP_1)$ takes the value of 0.

- ⁵ The REPO sum and the REPO duration period are the parameters determined when the relevant REPO trade is executed. For intraday REPO trades for the purpose of calculation of the fee, the REPO duration period is considered to be equal to 1 (one) day.
- ⁶ The minimum size of the variable part of the fee constitutes:
 - 1,40 rubles for on-exchange REPO trades, which are not Trades T+;
 - 1,40 rubles for on-exchange REPO trades, which are Trades T+ and executed in the Trading Modes different from the «REPO with the CCP Order book orders»;
 - 0,01 ruble for on-exchange REPO trades, which are Trades T+ and executed in the Trading Mode «REPO with the CCP Order book orders».
- ⁷ The total volume of trades executed since the beginning of the current calendar month as of the end of the previous trading day inclusive.
- ⁸ The Tariff does not apply to Trades executed by the Clearing House on behalf of the Clearing Member in case if the Clearing Member does not have sufficient amount of cash funds / securities required for the fulfillment of obligations of such Clearing member or in case of insufficiency of the cash funds/ securities of the Clearing House to fulfill the Claims of such Clearing Member or the Claims of other Clearing Members, and also executed by the Clearing House on behalf of the Clearing Member in order to satisfy the Margin Call of such Clearing Member and during the cross-default procedure in respect of such Clearing Member.
- ⁹ For the purpose of the calculation of the fee the credit amount and the period of the credit agreement are assumed to be equal to the relevant parameters determined at the conclusion of the credit agreement in accordance with The Equity & Bond Market, Deposit Market and Credit Market Trading Rules of Public Joint-Stock Company Moscow Exchange MICEX-RTS
- ¹⁰ The variable part of the fee is not cancelled and is not recalculated in case of non-fulfillment by the Clearing Member of the first and/or the second part of REPO trade (also in case of the termination of the obligations under REPO trade on the basis of the registration of Instructions to refuse to settle REPOs in the Clearing System).
- ¹¹ If the fee tariff chosen by the Clearing Member is not indicated in sub-paragraphs 6.1.1. 6.1.3. of this Section of the Tariffs of the Clearing House (is not valid fee tariff), the fee tariff DEPO_0 is established for such Clearing Member.
- ¹² For the purposes of these tariffs, a maker's trade means a trade executed on the basis of an order of a Trading Member / offers of a Clearing Member, the registration time of which is earlier than the registration time of an acceptable opposite order / offers.
- ¹³ For the purposes of these tariffs, a taker trade means a trade executed on the basis of an order from a Trading Member / offers from a Clearing Member, the registration time of which is later than the registration time of an acceptable opposite order / offers.
- ¹⁴ If the fee is determined on a Settlement Day that is not a non-working (holiday) day, the fee is charged on the day it is accrued. If the fee is determined on a Settlement Day that is a non-working (holiday) day, the fee is charged on the next Settlement Day that is not a non-working (holiday) day.
- ¹⁵ Settlement Day a day that is both the Settlement Day for the currency in which settlements are made under the corresponding REPO trade with an open date, and the Settlement Day for the purposes of determining the Settlement Date of obligations under Trades with a security that is the subject of a REPO trade with an open date.

- ¹⁶ Charged, inter alia, in case of non-execution of the first part of a REPO trade with an open date.
- 17 The fee is charged, including if, at the time of its collection, a REPO trade with an open date has become urgent for execution.
- ¹⁸ To determine the trade volume, the larger of the products is used:
 - product of the trade price by the number of shares/instruments;
 - product of the closing price of the previous day by the number of shares/instruments;
 - product of the Settlement Price for the purpose of determining price deviations, determined on the basis of the Settlement Price provided by the issuer, by the number of shares/instruments (used in the absence of the closing price of the previous day).

	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)
9.	Fee for the provision of the clearing services regarding opening / keeping the Trade Account of the 3 rd level	
9.1	Fee for the provision of the clearing services regarding opening of the Trade Account of the 3 rd level	Is charged from the Trading Member / Clearing Member, on the basis of the request of which the Trade Account of the 3 rd level is opened
		120 rubles
9.2.	Fee for the provision of the clearing services regarding	Is charged from the Trading Member / Clearing Member, to which the clearing services regarding keeping clearing registers of the 3 rd level are provided

keeping of the Trade Account of the 3 rd level	
	120 rubles

- ¹ The Tariff does not apply to Trades executed by the Clearing House on behalf of the Clearing Member in case if the Clearing Member does not have sufficient amount of cash funds / precious metals required for the fulfillment of obligations of such Clearing member or in case of insufficiency of the cash funds/ precious metals of the Clearing House to fulfill the Claims of such Clearing Member or the Claims of other Clearing Members, and also executed by the Clearing House on behalf of the Clearing Member in order to satisfy the Margin Call of such Clearing Member and during the cross-default procedure in respect of such Clearing Member.
- ² The settlement period of the swap trade and swap contract means the number of calendar days from the Settlement Date of the first part of swap trade and swap contract, excluding this day, to the Settlement Date, of the second part of swap trade and swap contract, including this day, both dates are defined in the order.
- ³ The settlement period of the futures contract means the number of calendar days from the first Settlement Day following the day of the execution of the trade, excluding this day, to the Settlement Date, including this day defined when submitting the order to execute trade.
- ⁴ for the purposes of these Tariffs, maker's trade is understood to be the trade executed on the basis of the order of a Trading Member / offers of a Clearing Member, the registration time of which is earlier than the registration time of the valid opposite order / offers.
- ⁵ for the purposes of these Tariffs, taker's trade is understood to be the trade executed on the basis of the order of a Trading Member / offers of a Clearing Member, the registration time of which is later than the registration time of the valid opposite order / offers.
- ⁶ According to the List of parameters of spot trades, fixed trades, weighted average trades and swap trades on the FX market and the Precious metals market of PJSC Moscow Exchange.

SECTION V TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE DERIVATIVES MARKET

No	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)		
1.	Fee for forming reports after clearing upon clearing registers section in respect of the main section of the	Is charged form the Clearing Member		
	Sub-accounts Cluster on the basis of the Application for Sub-accounts Cluster opening / Application for the Segregated Sub-accounts Cluster opening and also in respect of the clearing registers on the basis of the Application for forming reports in respect of clearing registers, per one section in a month	120 rubles		
2.	Fee for the provision of clearing services when executing procedure for obligations and Collateral transfer (Portability procedure)	For each procedure, is charged from the Clearing Member – Recipient to which obligations and Collateral have been transferred		
2.1.	except for procedure of obligations and Collateral transfer, executed when the Basic Clearing Member provides the instruction to transfer obligations and Collateral	3 000 rubles		
2.2.	executed when the Basic Clearing Member provides the instruction to transfer obligations and Collateral	400 000 per each Settlement Account		
3.	Fee for the provision of clearing services when executing the Instruction to transfer positions	Is charged from the Clearing Member, the recording of obligations of which is changed		
		The amount is equal to sum of 1 exchange charge, set out by the Moscow Exchange (hereinafter referred to as the Exchange), and of 1 fee for clearing, set out by the Clearing House for the Derivative contract, under which the recording of obligations is changed		
4.	Fee for clearing under futures contracts executed on the basis of addressed and/or unaddressed orders, except for trades, executed on the basis of Orders "Calendar spreads" and maker's trades ¹ executed on the basis of unaddressed orders	Is charged from the Clearing Member, which is party to the futures contract executed on the basis of addressed orders / Clearing Member which is taker under the futures contract executed on the basis of unaddressed orders ² Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades ¹ , executed on the basis of		
	$FutFee = Round \left(\left(Round \left(abs(FutPrice) \times Round \left(\frac{V}{F} \right) \right) \right) \right)$	unaddressed orders)		
	where	,		
	Futfee – fee for clearing under futures contracts (in Russian rubles),			

FutPrice – value of the Settlement Price of the futures contract, determined in accordance with the Trading Rules on the Derivatives Market on the basis of the results of the evening Settlement period of the last Trading Day, preceding to the Trading Day, during which the futures contact is executed, in relation to which the calculation is executed (in units, in which the price of the future contract is determined in the order, according to the Specification of the relevant futures contract). In relation to the futures contracts, executed on the first Trading Day, on which execution of such futures contracts is possible (hereinafter referred to as the First Trading Day), the value of the FutPrice is considered to be equal to the value of the initial Settlement Price of the futures contract, determined by the decision of the Exchange in accordance with the Specification of the relevant futures contract,

W(f) – cost of the minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract (in Russian rubles), based on the results of the last evening clearing.

R(f) – minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract, based on the results of the last evening clearing,

Round – mathematical rounding function with the specified degree of accuracy,

BaseFutFee – value of the basic rate of the tariff for clearing under the futures contract for the group of Derivative Contracts, to which the particular futures contract corresponds (hereinafter referred to as the Contracts Group).

№	Contracts Group	Basic rate of the tariff (Base FutFee), in per cent				
		Trade is executed on basis of addressed orders, Trade is executed on basis of unaddressed order				
		Is charged from each party of	Is charged under taker's trade ²			
		the trade				
1	Currency contracts	0,000655	0,001965			
2	Interest rate contracts	0,002338	0,007014			
3	Securities contracts	0,002805	0,008415			
4	Index contracts	0,000935	0,002805			
5	Commodities contracts	0,001870	0,00561			

List of particular underlying assets within each Group is set out by the decision of the Exchange and is published on the website of the Exchange not later than the day, following the day of its approval (approval of changes and additions to it).

5. Fee for clearing under futures-style option contracts executed on the basis of addressed and/or unaddressed orders, except for premium option contracts and also except for trades, executed on the basis of Orders "Calendar spread", and maker's trades, executed on the basis of unaddressed orders

Is charged from each Clearing Member, which is party to the futures-style option contract, executed on the basis of addressed orders / the Clearing Member, which is taker under futures-style option contract, executed on the basis of unaddressed orders².

Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades¹, executed on the basis of unaddressed orders)

$$OptFee = Round \left(min \left[(FutFee * K); Round \left(Premium \times Round \left(\frac{W(o)}{R(o)}; 5 \right); 2 \right) \times BaseOptFee \right]; 2 \right)$$

where

OptFee – fee for clearing under the futures-style option contracts (in Russian rubles),

FutFee – fee for clearing under futures contract, which is the underlying asset of the futures-style option contract, calculated in accordance with the paragraph 4 of this Section,

W(o) – cost of the minimum price increment of the futures-styles option contract, calculated in accordance with the Specification of the relevant futures-style option contract, based on the results of the last evening clearing, R(o) – minimum price increment of the futures-style option contract, calculated in accordance with the Specification of the relevant futures-style option contract, based on the results of the last evening clearing,

Round – the mathematical rounding function with the specified degree of accuracy,

K – additional ratio, which is equal to:

0,4 – from April 3, 2023 (from 19:00 Moscow time) to April 1, 2025 inclusive (until 19:00 Moscow time);

2 – from April 1, 2025 (from 19:00 Moscow time).

Premium — value of the option theoretical price, which is determined on the basis of the evening Settlement period of the last Trading Day, preceding to the calculation Trading Day, in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange (in units, in which the price of the futures-style option contract (premium) is determined in the order according to the Specification of the relevant option contract). In relation to the option contracts, executed on the First Trading Day, the value of Premium is considered to be equal to the value of the option theoretical price, calculated (established) at the start of the First Trading Day in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange,

BaseOptFee - value of the basic rate of the tariff for the option execution, which is equal to

0,00935 – from April 3, 2023 (from 19:00 Moscow time) to April 1, 2025 inclusive (until 19:00 Moscow time);

0,04675 - from April 1, 2025 (from 19:00 Moscow time).

6. Fee for clearing under settlement option contracts (premium option contracts), executed on the basis of addressed and/or unadressed orders, except for maker's trades¹, executed on the basis of unaddressed orders

Is charged from the Clearing Member, which is party to the premium option contract, executed on the basis of addressed orders / the Clearing Member which is taker under the premium option contract, executed on the basis of unaddressed orders².

Is calculated according to the formula, but can't be less than 0,01 ruble (except for maker's trades¹, executed on the basis of unaddressed orders)

 $OptFee = Round\left(min\left[(K*LotVolume*PriceRub); Round\left(Premium*Round\left(\frac{W(o)}{R(o)}; 5\right); 2\right)*BaseOptFee\right]; 2\right),$

where

OptFee – fee for clearing under premium option contracts (in Russian rubles),

PriceRub – settlement price of the underlying asset, determined after the clearing session in accordance with Risk Parameters for the Derivatives Market Calculation Methodology set by Exchange,

for securities denominated in foreign exchange the indicative rate determined before the evening clearing session is used,

LotVolume – lot, determined in accordance with the Specification of the relevant option contract,

W(o) – cost of the minimum increment of the premium option contract price, , determined in accordance with the Specification of the relevant option contract (in Russian rubles), based on the results of the last evening clearing,

R(o) – minimum price increment of the premium option contract, determined in accordance with the Specification of the relevant option contract (in Russian rubles), based on the results of the last evening clearing,

K – additional ratio, which is equal to:

0,002% – when executed trades based on addressed orders from April 3, 2023 (from 19:00 Moscow time) to April 1, 2025 inclusive (until 19:00 Moscow time);

0,01% – for trades executed on the basis of addressed orders from April 1, 2025 (from 19:00 Moscow time);

0,006% – for taker's trades², executed on the basis of unaddressed orders from April 3, 2023 (from 19:00 Moscow time) to April 1, 2025 inclusive (until 19:00 Moscow time);

0.03% – for taker's trades², executed on the basis of unaddressed orders from April 1, 2025 (from 19:00 Moscow time).

Premium — value of the option theoretical price, which is determined on the basis of the evening Settlement period of the last Trading Day, preceding to the calculation Trading Day, in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange (in units, in which the price of the futures-style option contract (premium) is determined in the order according to the Specification of the relevant option contract). In relation to the option contracts, executed on the First Trading Day, on which it is possible to execute such option contracts (hereinafter referred to as the First Trading Day), the value of Premium is considered to be equal to the value of the option theoretical price, calculated (established) at the start of the First Trading Day in accordance with the Methodology for calculation of option theoretical price and ratio "delta", set out by the Exchange,

BaseOptFee – value of the basic rate of the tariff for the option execution for Contract Group.

№ п/п	Group of contracts	Basic rate of the tariff for the option execution (BaseOptFee) when execution trades based on addressed orders, is charged to each party to the trade in per cent		
		from April 3, 2023 (from 19:00 Moscow time) to April 1, 2025 inclusive (until 19:00 Moscow time)	from April 1, 2025 (from 19:00 Moscow time)

7.	Fee for clearing under futures contracts, under futures-style option contracts, under premium option contracts, under maker's trades ¹ , executed on the basis of unaddressed orders	in Russian rubles, is charged from each Clearing Member which is party to the trade, on the Settlement Day on which the first trade was executed (during the quarter), for which the Clearing Member was party to at least one maker's trade ^{1,4} . 1 000
8.	Fee for clearing under futures contracts, executed	Is charged from each Clearing Member,
	on the basis of Orders "Calendar spread"	which is party to the futures contract, executed on the basis of addressed orders "Calendar spread" / the Clearing Member which is taker to the futures contract executed on the basis of unaddressed Orders "Calendar spread" ²
		Is calculated according to the formula but can't be less than 0,01 ruble, except for maker's trades ¹ executed on the basis of unaddressed Orders "Calendar spread"
8.1.	under futures contracts, executed on the basis of unaddressed orders "Calendar spread"	unaddressed Orders Calendar spread
	FeeCS = Σ FutFeeCS \times (1 - K)	
	where	
	FeeCS – fee for clearing under futures contracts, executed spread" (in Russian rubles),	on the basis of unaddressed orders "Calendar
	K – discount rate, equal to 0,2, which is in effect during starting from which it is possible to execute futures of "Calendar spread". At the end of 6 (six) months the disco	ontracts on the basis of unaddressed orders
	FutFeeCS – value, which is equal to:	
		$\times \text{Round}\left(\frac{\mathbf{W}(\mathbf{f})}{\mathbf{R}(\mathbf{f})}; 5\right)$; 2) \times BaseFutFee; 2
	FutPrice ₁ – value of the Settlement Price of the future calculated in accordance with the Trading Rules on evening Settlement period of the last Trading Day, punits, in which the price of the futures contract is Specification of the relevant futures contract),	the Derivatives Market on the basis of the preceding to the calculation Trading Day (in
	FutPrice ₂ – total value of the Settlement Price of the date, calculated in accordance with the Trading Rules evening Settlement period of the last Trading Day, 1	on the Derivatives Market on the basis of the

	units, in which the price of the futures contract is determined in the order according to the Specification of the relevant futures contract),			
	W(f) – cost of the price of the minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract (in Russian rubles), based on the results of the last evening clearing,			
	R(f) – minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract, based on the results of the last evening clearing,			
	BaseFutFee – value of the basic rate of the tariff, except for the futures contract for the Group of contracts in the amount, set out in the paragraph 4 of this Section for the relevant Trading Mode,			
8.2.	Round – mathematical rounding function with the spe under futures contracts, executed on the basis of	ecified degree of accuracy.		
	addressed Orders "Calendar Spread" FeeCS = ΣFutFeeCS			
	,			
	where			
	FeeCS – fee for clearing under futures contracts, executed spread" (in Russian rubles),	d on the basis of addressed Orders "Calendar		
	FutCS – value, calculated in the order, established in the	paragraph 8.1 of this Section.		
9.	Fee for clearing when settlement of the futures contracts, per one contract:			
9.1.	all futures contracts (except for one-day futures contracts with auto-extension)	Is charged from the Clearing Member, which is party to the futures contract.		
		Is calculated according to the formula but not less than 0,01 ruble		
	$ExpFutFee = Round \left(\left(Round \left(abs(FutPrice) \right) \right) \right)$	× Round $\left(\frac{\mathbf{W}(\mathbf{f})}{\mathbf{R}(\mathbf{f})}; 5\right)$; 2)× ExpFee; 2		
	where	,		
	ExpFutFee – fee for clearing when settlement of the futur	res contracts (in Russian rubles),		
	Futprice – value of the Settlement Price of the futures contract, determined in accordance with the Trading Rules on the Derivatives Market on the basis of the results of evening Settlement Period of the last Trading Day, preceding to the Trading Day, during which the futures contact is executed, in relation to such contract the calculation is executed (in units, in which the price of the future contract is determined in the order, according to the Specification of the relevant futures contract). In relation to the futures contracts, executed on the First Trading Day, the value of the FutPrice is considered to be equal to the value of the initial Settlement Price of the futures contract, determined by the decision of the Exchange in accordance with the Specification of the relevant futures contract,			
	W(f) – cost of the minimum price increment of the futures contract, calculated in accordance with the Specification of the relevant futures contract (in Russian rubles), based on the results of the last evening clearing,			
	R(f) – minimum price increment of the futures contract, contract, of the relevant futures contract, based on the results of the	_		
İ	Round – mathematical rounding function with the specifi	ad dagrae of eacureau		

ExpFee – value of the basic rate of the tariff for clearing when settlement of the futures contracts for

the following Contracts Group:

№	Contracts Group	Basic rate of the tariff (ExpFee) in per cent			
1.	Currency contracts	0,00154			
2.	Interest rate contracts	0,00550			
3.	Securities contracts	0,00660			
4.	Index contracts	0,00220			
5.	Commodities contracts	0,00440			

The list of particular underlying assets within each Group of underlying assets is set out by the decision of the Exchange and is published on the Exchange's website no later than the day following the day of its approval (approval of amendments and additions to it).

9.2. one-day futures contracts with auto-extension:

Is charged from the Clearing Member who sent an instruction to execute a futures contract with auto-extension.

Is calculated according to the formula but not less than 0,01 ruble

$$FutFee = Round \left(\left(Round \left(abs(FutPrice) \times Round \left(\frac{W(f)}{R(f)}; 5 \right) \right); 2 \right) \times BaseFutFee; 2 \right)$$

FutFee –fee for clearing when executing one-day futures contracts with auto-extension (in Russian rubles),

FutPrice – value of the Settlement Price of the futures contract specified in this subparagraph, determined in accordance with the Trading Rules on the Derivatives Market on the basis of the results of evening Settlement Period of the last Trading Day, preceding to the Trading Day, during which the execution futures contract in Settlement, in relation to such contract the calculation is executed (in units, in which the price of the future contract specified in this subparagraph is determined in the order, according to the Specification of the relevant futures contract). In relation to the futures contracts specified in this subparagraph, executed on the First Trading Day on which it is possible to execute such futures contracts (hereinafter referred to as the First Trading Day), the value of the FutPrice is considered to be equal to the value of the initial Settlement Price of the futures contract specified in this subparagraph, determined by the decision of the Exchange in accordance with the Specification of the relevant futures contract.

W(f) – cost of the minimum price increment of the futures contract specified in this subparagraph, calculated in accordance with the Specification of the relevant futures contract (in Russian rubles), based on the results of the last evening clearing,

R(f) – minimum price increment of the futures contract specified in this subparagraph, calculated in accordance with the Specification of the relevant futures contract, based on the results of the last evening clearing,

Round – mathematical rounding function with the specified degree of accuracy,

BaseFutFee is 1%.

10.	Fee for clearing when settlement of the futures-style option contracts on the futures contract, except for the premium option contracts, per one contract:	Is charged from the Clearing Member, which is party to the futures-style option contract.			
		Is calculated according to the formula but not less than 0,01 ruble			
	ExpOptFutFee = Round $\left(\left(\text{Round} \left(\text{abs(Strike}) \times \text{Round} \left(\frac{\text{W(o)}}{\text{R(o)}}; 5 \right) \right); 2 \right) \times \text{ExpFee}; 2 \right)$				
	where				
	ExpOptFutFee – fee for clearing when settlement of the futures-style option contracts (in Russi rubles),				
	 W(o) – cost of the minimum increment of the futures-style option contract price determined accordance with the Specification of the relevant futures-style option contract (in Russian rubles), base on the results of the last evening clearing, R(o) – minimum price increment of the futures-style option contract, calculated in accordance with the Specification of the relevant futures-style option contract, based on the results of the last evening clearing, 				
	Round – mathematical rounding function with the specified degree of accuracy,				
	Strike – execution price of the futures-style option contra	ct (strike),			
	ExpFee – value of the basic rate of the tariff for clearing contracts, determined for the Contracts Group in the amount				
11.	Fee for clearing when execution of settlement (premium) option contracts	Is charged from the Clearing Member, which is party to the premium option contract.			
		Is calculated according to the formula, but not less than 0,01 ruble			

ExpOptFee = Round
$$\left(\left(\text{Round} \left(\text{abs(Strike}) \times \text{Round} \left(\frac{\text{W(o)}}{\text{R(o)}}; 5 \right) \right); 2 \right) \times \text{ExpFee}; 2 \right)$$

where

ExpOptFee – fee for clearing when settlement of the premium option contracts (in Russian rubles),

W(o) – cost of the minimum price increment of the premium option contract, calculated in accordance with the Specification of the relevant option contract (in Russian rubles), based on the results of the last evening clearing,

R(o) – minimum price increment of the premium option contract, calculated in accordance with the Specification of the relevant option contract, based on the results of the last evening clearing,

Round – mathematical rounding function with the specified degree of accuracy,

Strike – execution price of the premium option contract, (strike)

ExpFee – value of the basic rate of the tariff for clearing when settlement of the premium option contract, for the following Contracts Group:

№	Contracts Group	Basic rate of the tariff (ExpFee), in per cent
1	Securities contracts	
2	Currency contracts	0,004
3	Commodities contracts	
4	Index contracts	

The list of specific underlying assets within each Group is established by a decision of the Exchange and published on the Exchange's website no later than the day following the day of its approval (approval of changes and additions to it).

12.	Fee for clearing services regarding opening /	
	keeping clearing registers of the 3 rd level	
12.1.	Fee for clearing services regarding opening clearing registers of the 3 rd level	Is charged from the Trading Member, on the basis of application of which the
		clearing registers section is opened
		120 rubles
12.2.	Fee for clearing services regarding keeping clearing registers of the 3 rd level	Is charged from the Trading Member /
	registers of the 3 rd level	Clearing Member, which is not Trading
		Member, and to which clearing services regarding keeping clearing registers
		sections are provided
		120 rubles
13.	Fee for clearing services regarding correction of the idle collateral under section	Is charged from the Clearing Member.
		Is calculated according to the formula, but
		not more than 150 000 rubles
	$BC = min (Alfa \times \sum Broker_fee; Cap),$	

where

BC – fee for clearing services regarding correction of the idle collateral under section,

 \sum Broker_fee – sum of correction of the idle collateral under section calculated on the basis of the results of reporting period (month)³ for all trading sessions and for all position register sections of the Clearing Member,

Broker_fee = $\sum i (Ni \times max(lower_fee, min(upper_fee, round(mult \times ex_feei \div Nii, 2) + add)))$,

where

Broker_fee – sum of correction of the idle collateral under section for the Trading session,

 $\sum i$ – amount resulting from all Derivative trades for the Trading session,

Ni – number of the Derivative contracts in the Derivative trade "i",

lower_fee – minimum sum of correction of the idle collateral under section, per one Derivative contract; it can take the value from 0 to 100; is set out by the Clearing Member using the Clearing System,

upper_fee – maximum sum of correction of the idle collateral under section, per one Derivative contract; it can take the value from 0 to 10 000; is set out by the Clearing Member using the Clearing System,

mult – ratio which can take the value from 0 to 100; is set by the Clearing Member using the Clearing System,

add – permanent bonus per one Derivative contract, it can take the value from 0 to 1 000; is set out by the Clearing Member using the Clearing System,

 ex_fee_I – sum of Exchange fee and fee for clearing under the Derivative contract under the Derivative trade "i", calculated taking into account fee for clearing under futures contracts and futures-style option contracts which are scalping trades,

Alfa – ratio, which is equal to 0,1,

Cap – constant value which is equal to 150 000 rubles.

- ¹ for the purposes of these Tariffs, maker's trade is understood to be the trade executed on the basis of the order of the Trading Member, the registration time of which is earlier than the registration time of the valid opposite order.
- ² for the purposes of these Tariffs, taker's trade is understood to be the trade executed on the basis of the order of the Trading Member, the registration time of which is earlier than the registration time of the valid opposite order.
- ³ from 19:00 Moscow Time of the last Trading Day of the month, preceding to the month of providing services, till 19:00 Moscow Time of the last Trading Day of the month of providing services
- ⁴ trades executed from 19:05 Moscow time on the Trading Day of the calendar quarter are taken into account when calculating the fee for the next Settlement Day of the calendar quarter.

SECTION VII TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE COMMODITIES MARKET

No	Title of the fee for provision of the service / execution of the operation		Fee (exclusive of VAT)			
1.	Fee for clearing under forward contracts	to the for	Is charged from the Clearing Member, which is party to the forward contract, in percent of the Commodity price under each forward contract, but not less than 0.01 ruble			
	with the Settlement Date which precedes to the execution date on the period (in calendar days):	from 3 till 13 days	from 14 till 30 days	from 31 till 90 days	from 91	from 151 till 180 days
1.1	forward contracts, excluding closing forward contracts and forward contracts specified in sub-paragraphs $1.3-1.4$	0,125%	0,15%	0,2%	0,25%	0,3%
1.2	closing forward contracts	0,225%	0,25%	0,3%	0,35%	0,4%
1.3	pair forward contracts ¹	product of 0,0005% of Commodity price under each forward contract by the number of days from the date when forward contract is executed, excluding this date, to Settlement Date of the forward contract, including this date				
1.4	forward contracts, the underlying asset of which is sugar, except for forward contracts specified in paragraphs 1.2 and 1.3.	0,05%				
2.	Fee for clearing under swap contracts	Is charged		learing M swap con	ember which tract	is party to
	with the Settlement Date under the second part of the swap contract with the settlement period	from 3 till 31 days from 32 till 91 days			91 days	
	Variable part of the fee under swap	$0.0007\% \times \text{volume of the}$ $0.0025\% \times \text{volume of th}$				
	contracts	first part of the swap first part of the swap		_		
		contract × settlement contract × settlement period of the swap period of the swap				
		_	contract contract			_

-

¹ Pair forward contracts means two forward contracts which both simultaneously meet the following requirements:

[•] two forward contracts are multidirectional, one Clearing Member is party to both forward contracts, forward contracts are executed on the basis of addressed orders indicting the same Trade Account during 1 (one) trading day;

[•] Settlement Dates of such forward contracts do not match;

[•] the main features of Commodity, which is the underlying asset of one forward contract, corresponds to the main features of Commodity, which is the underlying asset of another forward contract;

[•] the size of the obligation to transfer Commodity under forward contracts is the same.

SECTION VII TARIFFS OF THE CLEARING HOUSE APPLICABLE TO THE STANDARDISED OTC DERIVATIVES MARKET

№	Title of the fee for provision of the service / execution of the operation	Fee (exclusive of VAT)	Notice
1.	Clearing services related to early termination of the Standardised Derivative Contact, per one Standardised Derivative Contract	5 000 rubles	Is charged form the Clearing Member
2.	Clearing services related to changing contract terms of the Standardised Derivative Contract based on the application of the Clearing Member (including option Standardised Derivative Contract), per one Standardised Derivative Contract, except for the cases specified in paragraph 3	5 000 rubles	Is charged from the Clearing Member
3.	Clearing services related to changes in the method of determining the floating rate in interest rate swap and cross-currency interest rate swap trades on the Standardised Derivative market, based on the application of the Clearing Member, including other changes to the terms of the contract within the framework of this application, per one Standardised Derivative Contract ²	4 000 rubles	Is charged from the Clearing Member
4.	Clearing services related to changing the method of determining the floating rate in the event of the occurrence of circumstances determined by the Specification of the Standardised Derivative Contract (except for cases of filing an application by the Clearing Member), per one Standardised Derivative Contract	5 000 rubles	Is charged from the Clearing Member
5.	Clearing services related to changing contract terms of the option Standardised Derivative Contract, per one option Standardised Derivative Contract	MAX (0; КомКЦ2 – КомКЦ1), where КомКЦ1 – fee of the Clearing House paid when execution of the Standardised Derivative Contract	Is charged from the Clearing Member
		КомКЦ2 – fee of the Clearing House, which is calculated in	

		accordance with the paragraph 5 of the Tariffs on the basis of new contract terms of the Standardised Derivative Contract	
6.	Clearing services related to changes in recording of the Standardised Derivative Contracts, per one Standardised Derivative Contracts	5 000 rubles	Is charged from the Clearing Member

7. Fee for clearing under Standardised Derivative Contracts, except for option Standardised Derivative Contracts, exclusive of VAT

Fee of the Clearing House is calculated according to the formula:

КомКЦ= k * Max (Сбор_{min}; K * n * N / 1 000 000),

where

КомКЦ – fee of the Clearing House in Russian rubles;

Сбор_{min} – value, defined in accordance with this section of the Tariffs in relation to each Standardised Derivative Contract:

k, K – ratios, the value of which are set out in this section of the Tariffs in respect of the relevant type of the Standardized Derivative Contract;

n – number of days from the date when the Standardized Derivative Contract is concluded to the last Settlement Date of obligations to pay funds under the Standardized Derivative Contract in accordance with this section of the Tariffs;

N – Nominal Sum of the Standardized Derivative Contract, in rubles.

Fee for clearing under option Standardized Derivative Contracts, the underlying assets of which are indexes, exclusive of VAT

Fee of the Clearing House is calculated according to the formula:

КомКЦ= Max (Сбор_{min}; n * N *300 / 365 000 000),

where

КомКЦ – fee of the Clearing House in Russian rubles;

Сбор_{min} – value, defined in accordance with the current section of the Tariffs in relation to each Standardized Derivative Contract;

n – number of days from the date when the option Standardized Derivative Contract is concluded to the Expiration date of the option Standardized Derivative Contract;

N – Nominal Sum of the Standardized Derivative Contract, in rubles.

Fee for clearing under option Standardized Derivative Contracts, the underlying assets of which is foreign currency, exclusive of VAT

Fee of the Clearing House is calculated according to the formula:

КомКЦ= Max (Сбор $_{min}$; N * (К $_{дельта}$ + К $_{вега}$) / 1 000 000),

where

КомКЦ – fee of the Clearing House in Russian rubles;

 $Сбор_{min}$ – value, defined in accordance with this section of the Tariffs in relation to each Standardised Derivative Contract;

N – Nominal Sum of the Standardised Derivative Contract, in rubles;

 $K_{\text{дельта}}$ is defined on the basis of the value of the feature of the monetary status of the option Standardised Derivative Contract according to the following table:

Ī		Value of the feature of the monetary status of the option Standardised Derivative							
l			Contract						
		Deep Out of The money (Deep OTM)	Out of The Money (OTM)	At The Money (ATM)	In The Money (ITM)	Deep In The Money (Deep ITM)			
	$K_{\text{дельта}},$ in rubles	20	50	100	150	200			

The value of the feature of the monetary status of the option Standardised Derivative Contract is defined on the basis of proportion of the forward rate of the Currency pair of the option Standardised Derivative Contract to the Settlement price of the option Standardised Derivative Contract and the period of the option Standardised Derivative Contract in accordance with the following tables:

for option Standardiыed Derivative Contract with type "call"

		Value			of the option Standa	ardised

 K_{Bera} is defined on the basis of the value of the feature of the monetary status of the option Standardised Derivative Contract in accordance with the following table:

	K _{Bera} , in rubles			
	Value of the feature of the monetary status of the Standardised			
		Derivative Contract		
Period of the option Standardised		Deep Out of The Money (Deep OTM)		
Derivative Contract	At The Mener (ATM)	or Out of The Money (OTM)		
Derivative Contract	At The Money (ATM)	or In The Money (ITM)		
		or Deep In The Money (Deep ITM)		
Less than or equal to 1 (one) month	40	10		
More than 1 (one) month and less than or equal to 6 (six) months	70	10		
More than 6 (six) months and less than or equal to 12 (twelve) months	100	20		
More than 12 (twelve) months and less than or equal to 24 (twenty	140	70		
four) months				

Parameters, set out in the tables of this section of the Tariffs for option Standardised Derivative Contracts: Strike – Settlement Price of the option Standardised Derivative Contract;

Forward – value of the forward rate of the Currency pair of the option Standardised Derivative Contract effective on the Expiration date of the option Standardised Derivative Contract, defined in accordance with the Standardised Derivatives Market risks calculation methodology;

Period of the option Standardised Derivative Contract means the number of days from the date, when option Standardised Derivative Contract is concluded to the Expiration date of the option Standardised Derivative Contract;

Number of days in certain number of months (hereinafter in this section of the Tariffs referred to as the Period) is defined in the following order:

• month and year, when the Period is over, are defined through adding certain number of months to month and year when the option Standardised Derivative Contract is concluded;

- if in the defined month of the end of the Period there is number of the date of the conclusion of the option Standardised Derivative Contract, then this particular date is the date of the end of the Period, otherwise the date of the end of the Period is considered to be the closest preceding date;
- if the defined date of the end of the Period is non-working day, then the date of the end of the Period is the closest following workday, however if the closest following workday is the day of next month, then the date of the end of the Period is the closest preceding workday. Meanwhile the workday for the purposes of defining the date of the end of the Period is the Workday, when credit institutions execute banking operations (including on the FX Market in accordance with historical practice) in each currency, which is included into Currency pair under the option Standardised Derivative Contract in Main financial centers;
- number of days in the Period is equal to the number of days from the date of conclusion of the option Standardised Derivative Contract to the defined date of the end of the Period.

Procedure for defining N:

If the Standardised Derivative Contract contains one Nominal Sum, then N is equal to Nominal sum of the Standardised Derivatives Contract, meanwhile Nominal sum which is denominated in foreign currency is converted into Russian rubles according to the exchange rate of the Bank of Russia, set out on the day of fee calculation.

If Standardised Derivatives Contract contains two Nominal sums, then the currency of the Nominal sum of the Standardised Derivative Contract is chosen in accordance with the priority list of the currencies of the Nominal sum, approved by the Clearing House. N is equal to the Nominal sum of the Standardised Derivative Contract in chosen currency meanwhile Nominal sum denominated in foreign currency is converted into Russian rubles according to the exchange rate of the Bank of Russia, set out on the day of fee calculation.

Fee of the Clearing House is charged from the Clearing Member.

under Standardised Derivative Contracts	k	Сбор _{тіп}	K
- under on-exchange Standardised Derivative		1000 (one thousand) Russian	
Contracts	0,7	rubles per one Standardised Derivatives Contract	0,41
- under OTC Standardised Derivative		1000 (one thousand) Russian	
Contracts ¹ , excluding Auction contracts	1	rubles per one Standardised Derivatives Contract	0,33

8. The penalty for non-fulfillment of obligations by the Clearing Member which leads to the conduction of the liquidation auction (exclusive of VAT):

5 * Max (Cбοр_{min}; K * n * N / 1 000 000)

per each Auction contract, concluded between the Clearing House and the Non-defaulting Clearing Member.

Shall be levied upon the Clearing Member.

¹Terms and procedure for the provision of bonus under OTC Standardised Derivative Contract (excluding Auction contracts)

a) Bonus is provided to the Clearing Member which takes part in the Marketing Program under OTC Standardised Derivative Contracts, which is disclosed on the Clearing House's Website (www.nationalclearingcentre.ru) (hereinafter referred to as the Marketing Program), under the condition of fulfilment by the Clearing Member his obligations under the Marketing Program in accordance with the conditions of the program.

b) The	size of the bonus is calculated	in accordance with the pro	ocedure specified in the Marketin	ng Program.
² – valid	only for Mosprime and LII	BOR rates.
